New Webcast: Senior Advisors-Issues to Consider as Your Career Winds Down

Retirement can be a stressful situation for anyone but especially for Advisors. Advisors have unique business transitioning issues to address not to mention traditional emotional and personal concerns associated with retirement. They also have to consider the impact of their retirement on their clients. This webcast addresses a number of these issues.

Our presenters on this topic are Barry LaValley, President, The Retirement Lifestyle Centre, a recognized expert on the topic of retirement and John Scott. John has worked in the investment industry for over 25 years and is now retired. John retains a passion for the investment industry although currently he is owner of Springbrook Consulting working with people in organizations on the topics of managing stress and thriving at work.

This webcast will be available for viewing commencing on June 14, 2017 at 7:00 am Eastern time and on a 24/7 basis after that date.

Please note that there is no accompanying quiz for this webcast. Upon completion of the webcast, participants will be issued an electronic and personalized Continuing Education credit (.5 CE credit) certificate which can be applied to their **Professional Development Requirements**.
