3. Corporate Private Placement			
4. Federal Government			
5. Federal Crown Corporation			
6. Provincial Government			
7. Provincial Crown Corporation			
8. Municipal Government			

Member New Issue Levy Form

Notes and Instructions

- New Issues are all primary distributions of Canadian issuers managed by a Member firm, including private placements. Do not report any securities with a maximum maturity of 1 year or less at time of issue (i.e. Treasury bills, commercial paper, money market instruments, etc.)
- Only the firm that acts as the senior Canadian syndicate manager should report a new issue. The firm that does report an issue should report the total issue and not just the firm's share of issue. In the case of equal participation by joint managers, please ensure that only one of the managers reports the issue.
- For issues of Government of Canada or other governments where there is no syndicated manager, report only your firm's allocation. Do not report Canada and provincial savings bonds.
- New issues should be reported for the month in which the value date falls, i.e. the first
- If an issue is less than \$250,000, it need not be reported. For each new issue over \$250,000, list the details on the reverse side and **attach to this report a copy of the offering memorandum, prospectus or fact sheet.**

Currency Code:

- 01 - Canadian
- 02 - US
