## **FX Margin Surcharge**

In reference to Dealer Member Rule 100.2(d)(v)(B) and (C), there is in place a monitoring mechanism whereby the volatility of all foreign currencies in Groups 1, 2 and 3 are monitored by the Corporation on a daily basis. For any foreign currency in which its exchange rate volatility exceeds defined parameters, there is an automatic margin surcharge that shall apply for a minimum of 30 days.

Based on the volatility of the U.S. dollar exchange rates, effective September 25, 2008, the following spot risk margin rate(s) apply until further notice:

- **Australian Dollar versus U.S. Dollar from 4.00% to 4.70%**

Attached is the foreign exchange [Margin Violation Summary Report](#) prepared as at September 22, 2008 listing all currencies presently in Groups 1-3. The Corporation monitors

the volatility of all Group 1, 2 and 3 foreign currencies and issues a notice when there is any change in status.

For reference purposes, the preceding foreign exchange margin surcharge notice to Members was IIROC Rules Notice 08-0079 dated September 10, 2008.
