- An IIROC regulatory priorities panel discussion will follow the session with the Minister. Topics will include discussions about how the pandemic has impacted regulation, our members and their clients, as well as how it has accelerated the use of technology and the need to be flexible

and adaptable as the environment changes. The panel will also provide an update on various regulatory initiatives, including our work to protect vulnerable investors, our progress on client identifiers and the development of competency profiles for various registration categories.

IIROC participants joining the priorities panel discussion are:

- Andrew J. Kriegler, President and CEO
- Victoria Pinnington, Senior Vice-President, Market Regulation
- Elsa Renzella, Senior Vice-President, Enforcement and Registration
