When the number of offside base days during the period reaches 4, a margin surcharge is applied.

A Dealer Member must use the spot risk margin rates provided in the attached list, and Dealer Member Rule 100.2(d) [Sections 5461 to 5469 of the IIROC Rules] in margining unhedged foreign exchange customer and Dealer Member (inventory) positions and any other customer and Dealer Member transactions that result in an exposure to foreign exchange risk.
