IDA Annual Meeting and Conference

The Association's Annual Meeting and Conference will take place on Wednesday, June 14th and Thursday, June 15th, 2000 at the Toronto Westin Harbour Castle Hotel.

The Conference offers a packed program of keynote speakers, panel discussions and seminars, all led by securities industry experts and leaders. Topics focus on issues of technology and globalization, the impact on the retail and institutional securities business, and potential strategic responses. The formal conference program begins at 8:15 am on Wednesday morning, June 14th.

Our social program begins on the evening of Tuesday, June 13th with a new feature: delegates are invited to receptions and dinners at the homes of industry colleagues. Dinner hosts will include many of Toronto's best-known industry leaders. On Wednesday evening, conference delegates will 'celebrate our history' and honour past IDA chairs at a gala black-tie event, featuring entertainment and dancing.
