Changes to Publication of Disciplinary Bulletins

Effective immediately, the Association no longer publishes Disciplinary Bulletins reporting Association Hearing Panel Disciplinary judgments.

The practice of publishing disciplinary judgments was initially established to communicate a summary of discipline matters when mass dissemination of the actual judgment was not possible or practical. The Association now publishes all discipline judgments on its website upon release by the relevant Hearing Panel. Accordingly, the text of all decisions is readily available to Members, registrants and the public for review.

As a consequence of this change, the Association will now make all Hearing Panel judgments available on the website in both French and English. Previously, judgments were available only in the language in which it was written.

The Association will continue to publish news releases of all of its decisions in order to ensure interested parties are advised of new discipline judgments.
