Jun-2020

FORM 1 - TABLE OF CONTENTS

Note 1: Schedules 2C, 2D, 3, 3A, 4B, 8 and 12A have been eliminated.

Note 2: "Schedule 15, Supplementary information", is not part of an audited Form 1 submission and the name of this schedule will not appear in the "Table of Contents" on the electronic or hardcopy version of an audited Form 1 submission.

FORM 1 - GENERAL NOTES AND DEFINITIONS

GENERAL NOTES:

- Each *Dealer Member* must comply with the requirements in Form 1 as approved and amended from time to time by the board of directors of the Investment Industry Regulatory Organization of Canada (*IIROC*).

Form 1 is a special purpose report that includes financial statements and schedules, and is to be prepared in accordance with International Financial Reporting Standards (IFRS), except as prescribed by *IIROC*.

Each *Dealer Member* must complete and file all of these statements and schedules.

- The following are Form 1 IFRS departures as prescribed by *IIROC*:

	Prescribed IFRS departure
Client and broker trading balances	For client and broker trading balances, <i>IIROC</i> allows the netting of receivables from and payables to the same counterparty. A <i>Dealer Member</i> may choose to report client and broker trading balances in accordance with IFRS.
Preferred shares	Preferred shares issued by the <i>Dealer Member</i> and approved by <i>IIROC</i> are classified as shareholders' capital.
Presentation	Statements A and E contain terms and classifications (such as allowable and non-allowable assets) that are not defined under IFRS. For Statement E, the profit (loss) for the year on discontinued operations is presented on a pre-tax basis (as opposed to after-tax). In addition, specific balances may be classified or presented on Statements A, E and F in a manner that differs from IFRS requirements. The General Notes and Definitions, and the applicable Notes and Instructions to the Statements of Form 1, should be followed in those instances where departures from IFRS presentation exist. Statements B, C, and D are supplementary financial information, which are not statements contemplated under IFRS.
Separate financial statements on a non-consolidated basis	Consolidation of subsidiaries is not permitted for regulatory reporting purposes, except for related companies that meet the definition of a " <i>related company</i> " in section 1201 of the <i>IIROC</i> Rules and <i>IIROC</i> has approved the consolidation. Because Statement E only reflects the operational results of the <i>Dealer Member</i> , a <i>Dealer Member</i> must not include the income (loss) of an investment accounted for by the equity method.
Statement of cash flow	A statement of cash flow is not required as part of Form 1.
Subordinated loan	For regulatory reporting purposes, a subordinated loan must be reported at face value. Discounting of the subordinated loan amount is not permitted.
Valuation	The " <i>market value</i> " of securities definition was amended as part of the Client Relationship Model - Phase 2 (CRM2) implementation.

- The following are Form 1 prescribed accounting treatments based on available IFRS alternatives:

	Prescribed accounting treatment
Hedge accounting	Hedge accounting is not permitted for regulatory reporting purposes. All security and <i>derivative</i> positions of a <i>Dealer Member</i> must be marked-to-market at the reporting date. Gains or losses of the hedge positions must not be deferred to a future point in time.
Securities owned and sold short as held-for-trading	A <i>Dealer Member</i> must categorize all inventory positions as held-for-trading financial instruments. These security positions must be marked-to-market. Because <i>IIROC</i> does not permit the use of the available for sale and held-to-maturity categories, a <i>Dealer Member</i> must not include other comprehensive income (OCI) and will not have a corresponding reserve account relating to marking-to-market available for sale security positions.
Valuation of a subsidiary	A <i>Dealer Member</i> must value subsidiaries at cost.

FORM 1 - GENERAL NOTES AND DEFINITIONS [Continued]

4. These statements and schedules are prepared in accordance with the *IIROC* Rules.
5. For purposes of these statements and schedules, the accounts of related companies that meet the definition of a “*related company*” in section 1201 of the *IIROC* Rules may be consolidated.
6. For the purposes of the statements and schedules, the capital calculations must be on a trade date reporting basis unless specified otherwise in the Notes and Instructions to Form 1.
7. *Dealer Members* may determine margin deficiencies for clients, brokers and dealers on either a settlement date basis or trade date basis. *Dealer Members* may also determine margin deficiencies for *acceptable institutions*, *acceptable counterparties*, *regulated entities* and investment counselors’ accounts as a block on either a settlement date basis or trade date basis and the remaining clients, brokers and dealer accounts on the other basis. In each case, *Dealer Members* must do so for all such accounts and consistently from period to period.
8. Comparative figures on all statements are only required at the audit date.
9. All statements and schedules must be expressed in Canadian dollars and must be rounded to the nearest thousand.
10. Supporting details should be provided – as required - showing breakdown of any significant amounts that have not been clearly described on the statements and schedules.
11. **Mandatory security count.** All securities except those held in *segregation* or *safekeeping* shall be counted once a month, or monthly on a cyclical basis. Those held in *segregation* and *safekeeping* must be counted once in the year in addition to the count as at the year-end audit date.

DEFINITIONS:

“**acceptable clearing corporation**” means any clearing agency operating a central system for clearing of securities or *derivatives* transactions that is subject to legislation and oversight by a central or regional government authority in the country of operation. The legislation or oversight regime must provide for or recognize the clearing agency’s powers of compliance and enforcement over its members or participants. *IIROC* will maintain and regularly update a list of acceptable clearing corporations.

“**acceptable counterparty**” means an entity with whom a *Dealer Member* may deal on a value for value basis, with mark to market imposed on outstanding transactions. The entities are as follows:

1. Canadian banks, Quebec savings banks, trust companies and loan companies licensed to do business in Canada or a province thereof. Each of the aforementioned entities must have paid up capital and surplus on the last audited balance sheet (plus such other forms of capital recognized as such in their regulatory regime as well as in this capital formula, e.g. subordinated debt) in excess of \$10 million and less than or equal to \$100 million to qualify, provided acceptable financial information with respect to such entities is available for inspection.
2. Credit and central credit unions and regional caisses populaires with paid up capital and surplus or net worth (excluding appraisal credits but including general reserves) on the last audited balance sheet in excess of \$10 million and less than or equal to \$100 million, provided acceptable financial information with respect to such entities is available for inspection.
3. Insurance companies licensed to do business in Canada or a province thereof with paid up capital and surplus or net worth on the last audited balance sheet in excess of \$10 million and less than or equal to \$100 million, provided acceptable financial information with respect to such companies is available for inspection.
4. Canadian provincial capital cities and all other Canadian cities and municipalities, or their equivalents, with populations of 50,000 and over.
5. Mutual funds subject to a satisfactory regulatory regime with total net assets in the fund in excess of \$10 million.
6. Corporations (other than regulated entities) with a minimum net worth of \$75 million on the last audited balance sheet, provided acceptable financial information with respect to such corporation is available for inspection.
7. Trusts and limited partnerships with minimum total net assets on the last audited balance sheet in excess of \$100 million, provided acceptable financial information with respect to such trust or limited partnership is available for inspection.
8. Canadian pension funds which are regulated either by the Office of Superintendent of Financial Institutions or a provincial pension commission, with total net assets on the last audited balance sheet in excess of \$10 million, provided that in determining net assets the liability of the fund for future pension payments shall not be deducted.
9. Foreign banks and trust companies subject to a satisfactory regulatory regime with paid up capital and surplus on the last

FORM 1 - GENERAL NOTES AND DEFINITIONS [Continued]

audited balance sheet in excess of \$15 million and less than or equal to \$150 million, provided acceptable financial information with respect to such entities is available for inspection.

10. Foreign insurance companies subject to a satisfactory regulatory regime with paid up capital and surplus or net worth on the last audited balance sheet in excess of \$15 million, provided acceptable financial information with respect to such companies is available for inspection.
11. Foreign pension funds subject to a satisfactory regulatory regime with total net assets on the last audited balance sheet in excess of \$15 million, provided that in determining net assets the liability of the fund for future pension payments shall not be deducted.
12. Federal governments of foreign countries which do not qualify as a *Basel Accord country*.

For the purposes of this definition, a satisfactory regulatory regime will be one within a *Basel Accord country*.

Subsidiaries (excluding *regulated entities*) whose business falls in the category of any of the above enterprises and whose parent or affiliate qualifies as an *acceptable counterparty* may also be considered as an *acceptable counterparty* if the parent or affiliate provides a written unconditional irrevocable guarantee, subject to approval by *IIROC*.

“acceptable exchange” means any entity operating as an exchange for securities or *derivatives* transactions that is subject to legislation and oversight by a central or regional government authority in the country of operation. The legislation or oversight regime must provide for or recognize the exchange’s powers of compliance and enforcement over its members or participants.

“acceptable institutions” means entities with which a *Dealer Member* is permitted to deal on an unsecured basis without capital penalty. The entities are as follows:

1. Government of Canada, the Bank of Canada and provincial governments.
2. All crown corporations, instrumentalities and agencies of the Canadian federal or provincial governments which are government guaranteed as evidenced by a written unconditional irrevocable guarantee or have a call on the consolidated revenue fund of the federal or provincial governments.
3. Canadian banks, Quebec savings banks, trust companies and loan companies licensed to do business in Canada or a province thereof. Each of the aforementioned entities must have paid up capital and surplus on the last audited balance sheet (plus such other forms of capital recognized as such in their regulatory regime as well as in this capital formula, e.g. subordinated debt) in excess of \$100 million, provided acceptable financial information with respect to such entities is available for inspection.
4. Credit and central credit unions and regional caisses populaires with paid up capital and surplus (excluding appraisal credits but including general reserves) on the last audited balance sheet in excess of \$100 million, provided acceptable financial information with respect to such entities is available for inspection.
5. Federal government of a *Basel Accord country*.
6. Foreign banks and trust companies subject to a satisfactory regulatory regime with paid up capital and surplus on the last audited balance sheet in excess of \$150 million, provided acceptable financial information with respect to such entities is available for inspection.
7. Insurance companies licensed to do business in Canada or a province thereof with paid up capital and surplus or net worth on the last audited balance sheet in excess of \$100 million, provided acceptable financial information with respect to such companies is available for inspection.
8. Canadian pension funds which are regulated either by the Office of Superintendent of Financial Institutions or a provincial pension commission, and with total net assets on the last audited balance sheet in excess of \$200 million, provided that in determining net assets the liability of the fund for future pension payments shall not be deducted.
9. Foreign pension funds subject to a satisfactory regulatory regime with total net assets on the last audited balance sheet in excess of \$300 million, provided that in determining net assets the liability of the fund for future pension payments shall not be deducted.

For the purposes of this definition, a satisfactory regulatory regime will be one within a *Basel Accord country*.

Subsidiaries (other than regulated entities) whose business falls in the category of any of the above enterprises and whose parent or affiliate qualifies as an *acceptable institution* may also be considered as an *acceptable institution* if the parent or affiliate provides a written unconditional irrevocable guarantee, subject to approval by *IIROC*.

“acceptable securities locations” means those entities considered suitable to hold securities on behalf of a *Dealer Member*, for both

FORM 1 - GENERAL NOTES AND DEFINITIONS [Continued]

inventory and client positions, without capital penalty, given that the locations meet the requirements outlined in the segregation rules of *IIROC* including, but not limited to, the requirement for a written custody agreement outlining the terms upon which such securities are deposited and including provisions that no use or disposition of the securities shall be made without the prior written consent of the *Dealer Member* and the securities can be delivered to the *Dealer Member* promptly on demand. The entities are as follows:

1. Depositories and Clearing Agencies

Any securities depository or clearing agency operating a central system for handling securities or equivalent book-based entries or for clearing of securities or *derivatives* transactions that is subject to legislation and oversight by a central or regional government authority in the country of operation. The legislation or oversight regime must provide for or recognize the securities depository's or clearing agency's powers of compliance and enforcement over its members or participants. *IIROC* will maintain and regularly update a list of those depositories and clearing agencies that comply with these criteria.

2. *Acceptable institutions* and subsidiaries of *acceptable institutions* that satisfy the following criteria:

- (a) *Acceptable institutions* which in their normal course of business offer custodial security services; or
- (b) Subsidiaries of *acceptable institutions* provided that each such subsidiary, together with the *acceptable institution*, has entered into a custodial agreement with the *Dealer Member* containing a legally enforceable indemnity by the *acceptable institution* in favour of the *Dealer Member* covering all losses, claims, damages, costs and liabilities in respect of securities and other property held for the *Dealer Member* and its clients at the subsidiary's location.

3. *Acceptable counterparties* - with respect to security positions maintained as a book entry of securities issued by the *acceptable counterparty* and for which the *acceptable counterparty* is unconditionally responsible.

4. Banks and trust companies otherwise classified as *acceptable counterparties* - with respect to securities for which they act as transfer agent and for which custody services are not being provided (in such case, a written custody agreement is not required).

5. Mutual Funds or their Agents - with respect to security positions maintained as a book entry of securities issued by the mutual fund and for which the mutual fund is unconditionally responsible.

6. *Regulated entities*.

7. Foreign institutions and securities dealers that satisfy the following criteria:

- (a) the paid-up capital and surplus according to its most recent audited balance sheet is in excess of Canadian \$150 million as evidenced by the audited financial statements of such entity;
- (b) in respect of which a foreign custodian certificate has been completed and signed in the prescribed form by the *Dealer Member's* board of directors or authorized committee thereof;

provided that:

- (c) a formal application in respect of each such foreign location is made by the *Dealer Member* to *IIROC* in the form of a letter enclosing the financial statements and certificate described above; and
- (d) the *Dealer Member* reviews each such foreign location annually and files a foreign custodian certificate with *IIROC* annually.

8. For London Bullion Market Association (LBMA) gold and silver good delivery bars, means those entities considered suitable to hold these bars on behalf of a *Dealer Member*, for both inventory and client positions, without capital penalty. These entities must:

- be a market making member, ordinary member or associate member of the LBMA;
- be on *IIROC's* list of entities considered suitable to hold LBMA gold and silver good delivery bars; and
- have executed a written precious metals storage agreement with the *Dealer Member*, outlining the terms upon which such LBMA good delivery bars are deposited. The terms must include provisions that no use or disposition of these bars shall be made without the written prior consent of the *Dealer Member*, and these bars can be delivered to the *Dealer Member* promptly on demand. The precious metals storage agreement must provide equivalent rights and protection to the *Dealer Member* as the standard securities custodial agreement.

and such other locations which have been approved as *acceptable securities locations* by *IIROC*.

"applicable association" means for *regulated entity* purposes, an entity that meets the following criteria:

1. the association maintains or is a member of an investor protection regime equivalent to the *Canadian Investor Protection Fund*;

FORM 1 - GENERAL NOTES AND DEFINITIONS [Continued]

2. the association requires the segregation by its members of customers' fully paid for securities;
3. the association rules set out specific methodologies for the segregation of, or reserve for, customer credit balances;
4. the association has established rules regarding *Dealer Member* and customer account margining;
5. the association is subject to the regulatory oversight of a government agency or a self-regulatory organization under a government agency which conducts regular examinations of its members and monitors member's regulatory capital on an ongoing basis; and
6. the association requires regular regulatory financial reporting by its members.

A list of current *applicable associations* is included in the most recent Domestic and Foreign Acceptable Institutions (AI) and Acceptable Counterparties (AC) database.

"applicable exchange" means for *regulated entity* purposes, an entity that is an *acceptable exchange* and meets the following criteria:

1. the exchange maintains or is a member of an investor protection regime equivalent to the *Canadian Investor Protection Fund*;
2. the exchange requires the segregation by its members of customers' fully paid for securities;
3. the exchange rules set out specific methodologies for the segregation of, or reserve for, customer credit balances;
4. the exchange has established rules regarding *Dealer Member* and customer account margining;
5. the exchange is subject to the regulatory oversight of a government agency or a self-regulatory organization under a government agency which conducts regular examinations of its members and monitors member's regulatory capital on an ongoing basis; and
6. the exchange requires regular regulatory financial reporting by its members.

A list of current *applicable exchanges* is included in the most recent Domestic and Foreign Acceptable Institutions (AI) and Acceptable Counterparties (AC) database.

"Basel Accord country" means a country that is a member of the Basel Accord and a country that has adopted the banking and supervisory rules set out in the Basel Accord. [The Basel Accord, which includes the regulating authorities of major industrial countries acting under the auspices of the Bank for International Settlements (B.I.S.), has developed definitions and guidelines that have become accepted standards for capital adequacy.] A list of current *Basel Accord countries* is included in the most recent Domestic and Foreign Acceptable Institutions (AI) and Acceptable Counterparties (AC) database.

"broad based index" means an equity index whose underlying basket of securities is comprised of:

1. thirty or more securities;
2. the single largest security position by weighting comprises no more than 20% of the overall *market value* of the basket of equity securities;
3. the average market capitalization for each security position in the basket of equity securities underlying the index is at least \$50 million;
4. the securities shall be from a broad range of industries and market sectors as determined by *IIROC* to represent index diversification; and
5. in the case of foreign equity indices, the index is both listed and traded on an exchange that meets the criteria for being considered an *applicable exchange*.

"market value" of a security means:

- (i) For securities, precious metals bullion and *futures contracts* quoted on an active market, the published price quotation using:
 - (A) For listed securities, the last bid price of a long security and, correspondingly, the last ask price of a short security, as shown on a consolidated pricing list or exchange quotation sheet as of the close of business on the relevant date or last trading date prior to the relevant date, as the case may be,
 - (B) For unlisted investment funds, the net asset value provided by the manager of the fund on the relevant date,
 - (C) For all other unlisted securities (including unlisted debt securities) and precious metals bullion, a value determined as reasonable from published market reports or inter-dealer quotation sheets on the relevant date or last trading day prior to the relevant date, or, in the case of debt securities, based on a reasonable yield rate,
 - (D) For *futures contracts*, the settlement price on the relevant date or last trading day prior to the relevant date,

FORM 1 - GENERAL NOTES AND DEFINITIONS [Continued]

- (E) For money market fixed date repurchases (no borrower call feature), the price determined by applying the current yield for the security to the term of maturity from the repurchase date. This will permit calculation of any profit or loss based on the market conditions at the reporting date,
 - (F) For money market open repurchases (no borrower call feature), the price determined as of the reporting date or the date the commitment first becomes open, whichever is the later. The value is to be determined as in (E) and the commitment price is to be determined in the same manner using the yield stated in the repurchase commitment, and
 - (G) For money market repurchases with borrower call features, the borrower call price,
and after making any adjustments considered by the *Dealer Member* to be necessary to accurately reflect the market value.
- (ii) Where a reliable price for the security, precious metals bullion or *futures contract* cannot be determined:
- (A) The value determined by using a valuation technique that includes inputs other than published price quotations that are observable for the security, either directly or indirectly; or
 - (B) Where no observable market data-related inputs are available, the value determined by using unobservable inputs and assumptions; or
 - (C) Where insufficient recent information is available and/or there is a wide range of possible values and cost represents the best value estimate that range, cost.
- (iii) Where a value cannot be reliably determined under subsections (i) and (ii) above, the amount used:
- (A) To report the total market value of a *Dealer Member* securities position; and
 - (B) To calculate the margin requirement for a client account securities position;
- shall be zero.

“regulated entity” means an entity with whom a *Dealer Member* may deal on a value for value basis, with mark to market imposed on outstanding transactions. The entity is a participating institution in the *Canadian Investor Protection Fund* or member of an *applicable exchange or applicable association*.

“settlement date - extended” means a transaction (other than a mutual fund security redemption) in respect of which the arranged settlement date is a date after regular settlement date.

“settlement date - regular” means the settlement date generally accepted according to industry practice for the relevant security in the market in which the transaction occurs, including foreign jurisdictions. For margin purposes, if such settlement date exceeds 15 *business days* past trade date, settlement date will be deemed to be 15 *business days* past trade date. In the case of new issue trades, regular settlement date means the contracted settlement date as specified for that issue.

FORM 1 - CERTIFICATE OF UDP AND CFO

(Dealer Member Name)

We have examined the attached statements and schedules and certify that, to the best of our knowledge, they present fairly the financial position and capital of the *Dealer Member* at _____ and the results of operations for the period then ended, and are in agreement with the books of the *Dealer Member*.

We certify that the following information is true and correct to the best of our knowledge for the period from the last audit to the date of the attached statements which have been prepared in accordance with the current requirements of *IROC*:

ANSWER

- 1. Does the *Dealer Member* have adequate *internal controls* in accordance with the rules? _____
- 2. Does the *Dealer Member* maintain adequate books and *records* in accordance with the rules? _____
- 3. Does the *Dealer Member* monitor on a regular basis its adherence to early warning requirements in accordance with the rules? _____
- 4. Does the *Dealer Member* carry insurance of the type and in the amount required by the rules? _____
- 5. Does the *Dealer Member* determine on a regular basis its free credit segregation amount and act promptly to segregate assets as appropriate in accordance with the rules? _____
- 6. Does the *Dealer Member* promptly segregate clients' securities in accordance with the rules? _____
- 7. Does the *Dealer Member* follow the minimum required policies and procedures relating to security counts? _____
- 8. Have all "concentrations of securities" been identified on Schedule 9? _____

Do the attached statements fully disclose all assets and liabilities including the following:

- 9. Participation in any underwriting or other agreement subject to future demands? _____
- 10. Outstanding puts, calls or other *options*? _____
- 11. All future purchase and sales commitments? _____
- 12. Writs issued against the *Dealer Member* or partners or any other litigation pending? _____
- 13. Income tax arrears? _____
- 14. Other contingent liabilities, *guarantees*, accommodation endorsements or commitments affecting the financial position of the *Dealer Member*? _____

(Ultimate Designated Person)

(date)

(Chief Financial Officer)

(date)

(other Executive, if applicable)

(date)

FORM 1 - CERTIFICATE OF UDP AND CFO
NOTES AND INSTRUCTIONS

1. Details must be given for any “no” answers.
2. To be signed by:
 - (a) *Ultimate Designated Person* (UDP);
 - (b) *Chief Financial Officer* (CFO); and
 - (c) at least one other *Executive* if the UDP and CFO are the same person.
3. A copy of the certificate with original signatures must be provided to both *IIROC* and *CIPF*.

INDEPENDENT AUDITOR'S REPORT FOR STATEMENTS A, E AND F

To: Investment Industry Regulatory Organization of Canada and Canadian Investor Protection Fund

Opinion

We have audited the Statements of Form 1 of _____, which comprise:
(Dealer Member)

Statement A - Statements of financial position as at _____ and _____
(date) (date)

Statement E - Statements of income and comprehensive income for the years ended _____ and _____
(date) (date)

Statement F - Statements of changes in capital for the year ended _____
(date)
and changes in retained earnings (or undivided profits) for the years ended _____ and _____
(date) (date)

and notes to the Statements, including a summary of significant accounting policies (collectively referred to as the Statements).
In our opinion, the accompanying Statements present fairly, in all material respects the financial position of the Dealer Member as at _____ and _____,
(date) (date)

and the results of its operations for the years then ended in accordance with the financial reporting provisions of the Notes and Instructions to Form 1 prescribed by the Investment Industry Regulatory Organization of Canada.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Statements* section of our report. We are independent of the Dealer Member in accordance with the ethical requirements that are relevant to our audit of the Statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note _____ to the Statements which describes the basis of accounting.
(note)

The Statements are prepared to assist the Dealer Member in complying with the financial reporting provisions of the Notes and Instructions to Form 1 prescribed by the Investment Industry Regulatory Organization of Canada. As a result, the Statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

[Optional wording to either be removed or customized by respective audit firms] Material Uncertainty related to Going Concern

We draw attention to Note _____ in the statements which indicates that [insert key events and conditions that resulted in the material uncertainty]. As stated in Note _____ in the Statements, these events and conditions, along with other matters as set forth in Note _____ in the Statements, indicate that a material uncertainty exists that may cast significant doubt on the Dealer Member's ability to continue as a going concern. Our opinion is not modified in respect of this matter.
(note) (note) (note)

Other Matter – Unaudited Information

We have not audited the information in Schedules 13 and 13A of Part II of Form 1 and accordingly, do not express an opinion on these schedules.

INDEPENDENT AUDITOR'S REPORT FOR STATEMENTS A, E AND F

Other Matter – Restriction on Use [Optional wording to either be removed or customized by audit firms]

Our report is intended solely for the Dealer Member, the Investment Industry Regulatory Organization of Canada and the Canadian Investor Protection Fund and should not be used by parties other than the Dealer Member, the Investment Industry Regulatory Organization of Canada and the Canadian Investor Protection Fund.

Responsibilities of Management and Those Charged with Governance for the Statements

Management is responsible for the preparation and fair presentation of the Statements in accordance with the financial reporting provisions of the Notes and Instructions to Form 1 prescribed by the Investment Industry Regulatory Organization of Canada, and for such internal control as management determines is necessary to enable the preparation of Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Statements, management is responsible for assessing the Dealer Member's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Dealer Member or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Dealer Member's financial reporting process.

Auditor's Responsibilities for the Audit of the Statements

Our objectives are to obtain reasonable assurance about whether the Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dealer Member's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Dealer Member's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Dealer Member to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the Statements, including the disclosures, and whether the Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

To: Investment Industry Regulatory Organization of Canada and Canadian Investor Protection Fund

Opinion

We have audited the Statements of Form 1 of _____, which comprise:

(Dealer Member)

Statement B - Statements of net allowable assets and risk adjusted capital as at

and

_____ (date)

_____ (date)

Statement C - Statement of early warning excess and early warning reserve as at

_____ (date)

Statement D - Statement of free credit segregation amount as at

_____ (collectively referred to as the Statements).

_____ (date)

In our opinion, the accompanying Statement B as at _____ and _____, (date) (date)

Statements C and D as at _____ are prepared, in all material respects, in accordance with the financial (date)

reporting provisions of the Notes and Instructions to Form 1 prescribed by the Investment Industry Regulatory Organization of Canada.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Statements* section of our report. We are independent of the Dealer Member in accordance with the ethical requirements that are relevant to our audit of the Statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note _____ to the Statements which describes the basis of accounting. (note)

The Statements are prepared to assist the Dealer Member in complying with the financial reporting provisions of the Notes and Instructions to Form 1 prescribed by the Investment Industry Regulatory Organization of Canada. As a result, the Statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

[Optional wording to either be removed or customized by respective audit firms] Material Uncertainty related to Going Concern

We draw attention to Note _____ in the Statements which indicates that [insert key events and conditions that resulted in the (note) material uncertainty]. As stated in Note _____ in the Statements, these events and conditions, along with other matters as set (note) forth in Note _____ in the Statements, indicate that a material uncertainty exists that may cast significant doubt on the Dealer (note) Member's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Other Matter – Unaudited Information

We have not audited the information in Schedules 13 and 13A of Part II of Form 1 and accordingly, do not express an opinion on these schedules.

INDEPENDENT AUDITOR'S REPORT FOR STATEMENTS B, C AND D

Other Matter – Restriction on Use [Optional wording to either be removed or customized by audit firms]

Our report is intended solely for the Dealer Member, the Investment Industry Regulatory Organization of Canada and the Canadian Investor Protection Fund and should not be used by parties other than the Dealer Member, the Investment Industry Regulatory Organization of Canada and the Canadian Investor Protection Fund.

Responsibilities of Management and Those Charged with Governance for the Statements

Management is responsible for the preparation of the Statements in accordance with the financial reporting provisions of the Notes and Instructions to Form 1 prescribed by the Investment Industry Regulatory Organization of Canada, and for such internal control as management determines is necessary to enable the preparation of Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Statements, management is responsible for assessing the Dealer Member's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Dealer Member or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Dealer Member's financial reporting process.

Auditor's Responsibilities for the Audit of the Statements

Our objectives are to obtain reasonable assurance about whether the Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dealer Member's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Dealer Member's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Dealer Member to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT FOR STATEMENTS B, C AND D

[Date]

FORM 1 – INDEPENDENT AUDITOR'S REPORTS
NOTES AND INSTRUCTIONS

A measure of uniformity in the form of the auditor's reports is desirable in order to facilitate identification of circumstances where the underlying conditions are different. Therefore, when auditors are able to express an unqualified opinion, their reports should take the form of the auditor's reports shown above.

Any limitations in the scope of the audit must be discussed in advance with the Investment Industry Regulatory Organization of Canada. Discretionary scope limitations will not be accepted. Any other potential emphasis of matter and other matter paragraphs in the auditor's reports must be discussed in advance with the Investment Industry Regulatory Organization of Canada.

One copy of the auditor's reports with original signatures must be provided to the Investment Industry Regulatory Organization of Canada and another copy with original signatures must be provided to *CIPF*.

FORM 1, PART I – STATEMENT A
NOTES AND INSTRUCTIONS

Accrual basis of accounting

Dealer Members are required to use the accrual basis of accounting.

Line 2 - The trustee for RRSP or other similar accounts must qualify as an *acceptable institution*. Such accounts must be insured by the Canada Deposit Insurance Corporation (CDIC) or Autorité des marchés financiers (AMF) to the full extent insurance is available. If not, then the *Dealer Member* must report 100% of the balance held in trust as non-allowable assets on Line 28 (Non-allowable assets – other assets).

RRSP and other similar balances held at such trustee, but for which CDIC or the AMF insurance is not available, such as foreign currency accounts, can be classified as allowable assets.

The name of the RRSP trustee used by the *Dealer Member* must also be provided on Schedule 4.

Line 4 - For definition of “*acceptable clearing corporation*”, see General Notes and Definitions.

Securities on deposit (and related margin) should be included in balances reported on Inventory Schedule 2 and disclosed separately on the supplementary information Line 11 of Schedule 2.

Line 5 - For definition of “*regulated entity*”, see General Notes and Definitions.

Securities on deposit (and related margin) should be included in balances reported on Inventory Schedule 2 and disclosed separately on the supplementary information Line 11 of Schedule 2.

Line 11 - For an *introducing broker* (pursuant to an approved introducing/carrying broker agreement), unsecured balances receivable from its *carrying broker*, such as gross commissions and deposits in the form of cash, should be reported on this line.

Unsecured balances should only be included to the extent they are not being used by the *carrying broker* to reduce client margin requirements.

Securities on deposit (and related margin) should be included in balances reported on Inventory Schedule 2 and disclosed separately on the supplementary information Line 11 of Schedule 2.

In the case of the salesperson’s portion of gross commissions and fees receivable, as recorded on Line 21 (Commissions and fees receivable), to the extent that there is written documentation that the broker does not have a liability to pay the salesperson’s commission until it is received, the salesperson’s portion of the gross commission receivable is an allowable asset.

Line 13 - Include only overpayment of prior years' income taxes or current year installments. Taxes recoverable due to current year losses may be included to the extent that they can be carried back and applied against taxes previously paid.

Line 14 - Include the recoverable portion of capital tax, Part VI tax, property taxes and any federal or provincial sales taxes.

Include only to extent receivable from *acceptable institutions* (for definition, see General Notes and Definitions).

Line 18 - Allowable assets are those assets which due to their nature, location or source are either readily convertible into cash or from such creditworthy entities as to be allowed for capital purposes.

Include only to extent receivable from *acceptable institutions* (for definition see General Notes and Definitions).

Line 19 - Report the cash and *market value* of securities lodged with *acceptable clearing corporations* that represent fixed base deposits.

Line 20 - To the extent receivable from other than *acceptable clearing corporations*, include all deposits whether margin deposits or variable and fixed base deposits.

Line 21 - To the extent receivable from parties other than *acceptable institutions*.

Line 22 - To the extent receivable from parties other than *acceptable institutions*.

Line 24 - Start-up and organizational costs cannot be capitalized. Examples of intangible assets include goodwill and client lists.

Line 26 - Investments in *subsidiaries* and *affiliates* must be valued at cost.

Line 27 - A *Dealer Member* must report non-trading inter-company receivables on a gross basis unless the criteria for netting are met.

Line 28 - Including but not limited to such items as:

- prepaid expenses
- cash surrender value of life insurance
- advances to *employees* (gross)
- other receivables from other than *acceptable institutions*
- cash on deposit with non *acceptable institutions*

FORM 1, PART I – STATEMENT A
NOTES AND INSTRUCTIONS [Continued]

Line 29 - Non-allowable assets mean those assets that do not qualify as allowable assets.

Line 30 - Assets arising from a finance lease (also known as a capitalized lease).

Line 55 - Recognize a liability to cover specific expenditures relating to legal and constructive obligations.

A *Dealer Member* cannot hold provisions as a general reserve to be applied against some other unrelated expenditure.

Line 57 - Include discretionary bonuses payable and bonuses payable to shareholders in accordance with share ownership.

Line 59 - Include current portion of deferred lease inducements.

Line 60 - Include unclaimed dividends and interest.

Line 65 - In those cases where it can be demonstrated that the leasehold inducement presents no additional liability to the *Dealer Member* (i.e. if the *Dealer Member* does not “owe” the unamortized portion of the inducement back to the landlord, thereby qualifying the landlord as a creditor of the *Dealer Member*), the non-current portion can be reported as an adjustment to *risk adjusted capital (RAC)* on Statement B.

Line 67 - Subordinated loans mean approved loans, pursuant to an agreement in writing in a form satisfactory to *IIROC*, obtained from a *chartered bank* or any other lending institution, *industry investor* approved as such by *IIROC*, or *non-industry investor* subject to *IIROC*'s approval, the payment of which is deferred in favor of other creditors and is subject to regulatory approval.

A *Dealer Member* must not pay a debt owed to any of its creditors contrary to any subordination or other agreement to which it and *IIROC* are parties.

Line 71 - Reserve is an amount set aside for future use, expense, loss or claim – in accordance with statute or regulation. It includes an amount appropriated from retained earnings – in accordance with statute or regulation. It also includes accumulated other comprehensive income (OCI).

Line 72 - Retained earnings represent the accumulated balance of income less losses arising from the operation of the business, after taking into account dividends and other direct charges or credits.

Statement B,
Line 22

FORM 1, PART I – STATEMENT B
NOTES AND INSTRUCTIONS

Capital adequacy

A DEALER MEMBER MUST HAVE AND MAINTAIN AT ALL TIMES RISK ADJUSTED CAPITAL IN AN AMOUNT NOT LESS THAN ZERO.

Netting for margin calculation

When applying *IIROC* margin rules, a *Dealer Member* can net allowable assets and liabilities as well as security positions. Except where there is a prescribed *IFRS* departure, netting is for regulatory margin purposes only (and not for presentation purposes).

Line 2 – Non- current liability - non-refundable lease hold inducements

In those cases where it can be demonstrated that the leasehold inducement presents no additional liability to the *Dealer Member* (i.e. the *Dealer Member* does not “owe” the unamortized portion of the inducement back to the landlord, thereby qualifying the landlord as a creditor of the *Dealer Member*), the non-current portion of the lease liability for leasehold inducements can be reported as an adjustment to *risk adjusted capital*.

Line 7 – Minimum Capital

“Minimum capital” is \$250,000 except for a Type 1 *introducing broker*. For a Type 1 *introducing broker*, the minimum capital is \$75,000.

Line 15 – Contingent liabilities

No *Dealer Member* may give, directly or indirectly, by means of a loan, *guarantee*, the provision of security or of a covenant or otherwise, any financial assistance to an *individual* and/or corporation unless the amount of the loan, *guarantee*, provision of security or of the covenant or any other assistance is limited to a fixed or determinable amount and the amount is provided for in computing *Risk Adjusted Capital*.

The margin required shall be the amount of the loan, *guarantee*, etc. less the loan value of any accessible collateral, calculated in accordance with *IIROC* rules.

A *guarantee* of payment is not acceptable collateral to reduce margin required.

The *Dealer Member* should maintain and retain the details of the margin calculations for contingencies, such as *guarantees* or returned cheques, for *IIROC* review.

Line 20 – Securities held at non-acceptable securities locations

Capital Requirements

In general, the capital requirements for securities held in custody at another entity are as follows:

- (i) Where the entity qualifies as an *acceptable securities location*, there shall be no capital requirement, provided there are no unresolved differences between the amounts reported on the books of the entity acting as custodian and the amounts reported on the books of the *Dealer Member*. The capital requirements for unresolved differences are discussed separately in the notes and instructions for the completion of Statement B, Line 22 below.
- (ii) Where the entity does not qualify as an *acceptable securities location*, the entity shall be considered a *non-acceptable securities location* and the *Dealer Member* shall be required to deduct 100% of the *market value* of the securities held in custody with the entity in the calculation of its *Risk Adjusted Capital*.

However, there is one exception to the above general requirements. Where the entity would otherwise qualify as an *acceptable securities location* except for the fact that the *Dealer Member* has not entered into a written custodial agreement with the entity, as required by *IIROC* rules, the capital requirement shall be determined as follows:

- (a) Where setoff risk with the entity is present, the *Dealer Member* shall be required to deduct the lesser of:

- (I) 100% of the setoff risk exposure to the entity; and
- (II) 100% of the *market value* of the securities held in custody with the entity;

in the calculation of its *Risk Adjusted Capital*;

and;

- (b) The *Dealer Member* shall be required to deduct 10% of the *market value* of the securities held in custody with the entity in the calculation of its *Early Warning Reserve*.

The sum of the requirements calculated in paragraphs (a) and (b) above shall be no greater than 100% of the *market value* of the securities held in custody with the entity. Where the sum amounts initially calculated in paragraphs (a) and (b) above are greater than 100%, the capital required under paragraph (b) and the amount reported as a deduction in the calculation of the *Early Warning Reserve* shall be reduced accordingly.

FORM 1, PART I – STATEMENT B
NOTES AND INSTRUCTIONS [Continued]

For the purposes of determining the capital requirement detailed in paragraph (a) above, the term “setoff risk” shall mean the risk exposure that results from the situation where the *Dealer Member* has other transactions, balances or positions with the entity, where the resultant obligations of the *Dealer Member* might be setoff against the value of the securities held in custody with the entity.

Client Waiver

Where the laws and circumstances prevailing in a foreign jurisdiction may restrict the transfer of securities from the jurisdiction and the *Dealer Member* is unable to arrange for the holding of client securities in the jurisdiction at an *acceptable securities location*, the *Dealer Member* may hold such securities at a location in that jurisdiction if (a) the *Dealer Member* has entered into a written custodial agreement with the location as required hereunder and (b) the client has consented to the arrangement, acknowledged the risks and waived any claims it may have against the *Dealer Member*, in a form approved by *IROC*. Such a consent and waiver must be obtained on a transaction by transaction basis.

Line 22 – Unresolved Differences

Items are considered unresolved unless:

- (i) a written acknowledgement from the counterparty of a valid claim has been received
- (ii) a journal entry to resolve the difference has been processed as of the Due Date of Form 1.

This does not include journal entries writing off the difference to profit or loss in the period subsequent to the date of Form 1.

Provision should be made for the *market value* and margin requirements at the Form 1 date on out-of-balance short securities and other adverse unresolved differences (such as, with banks, trust companies, brokers, clearing corporations) still unresolved as at a date one month subsequent to the Form 1 date or other applicable Due Date of Form 1.

The margin rate to be used is the one that is appropriate for inventory positions. For instance, if the calculation is for securities eligible for reduced margin, the margin rate is 25%, rather than 30%.

A separate schedule, in a form approved by *IROC*, must be prepared detailing all unresolved differences as at the report date.

The following guidelines should be followed when calculating the required to margin amount on unresolved items:

Type of Unresolved Difference	Amount Required to Margin
Money balance - credit (potential gains)	None
Money balance - debit (potential losses)	Money balance
Unresolved Long with Money on the <i>Dealer Member's</i> Book	[(Money Balance on the trade minus <i>market value</i> of the security)* plus the applicable inventory margin]
Unresolved Long without Money on the <i>Dealer Member's</i> Books	None
Unresolved Short with Money on the <i>Dealer Member's</i> Books	[(<i>Market value</i> of the security minus money balance on the trade)* plus the applicable inventory margin]
Unresolved Long/Short on the Other Broker's Books	None
Short Security Break (e.g. Mutual Funds, Stock Dividends) or Unresolved Short without Money on the <i>Dealer Member's</i> Books	[<i>Market value</i> of the security plus the applicable inventory margin]

* also referred to as the Mark-to-Market Adjustment.

Where mutual fund positions are not reconciled on a monthly basis, margin shall be provided equal to a percentage of the *market value* of such mutual funds held on behalf of clients. Where no transactions in the mutual fund, other than redemptions and transfers, have occurred for at least six months and no loan value has been associated with the mutual fund, the percentage shall be 10%. In all other cases, the percentage shall be 100%.

Unresolved Differences in Accounts:

Report all differences determined on or before the report date that have not been resolved as of the due date.

FORM 1, PART I – STATEMENT B
NOTES AND INSTRUCTIONS [Continued]

Month End

Month End + 20 Business Days

(Report date)

(Due date)

Include differences determined on or before the report date that have not been resolved as of the due date.

Do not include differences as of the report date that have been resolved on or before the due date.

For each account listed, set out the number of unresolved differences and the money value of both the debit and credit differences. The Debit/Short value column includes money differences and *market value* of security differences, which represent a potential loss. The Credit/Long value column includes money differences and *market value* of security differences, which represent a potential gain. In determining the potential gain or loss, the money balance and the security position *market value* of the same transaction should be netted. Debit/short and credit/long balances of different transactions cannot be netted.

All reconciliation must be properly documented and made available for review by *IROC* examination staff and *Dealer Member's auditor*.

Unresolved differences in Security Counts:

Report all security count differences determined on or before the report date that have not been resolved as of due date. The amount required to margin is the *market value* of short security differences plus the applicable inventory margin.

Line 23 – Other

This item should include all margin requirements not mentioned above as outlined in *IROC* rules.

13. EARLY WARNING RESERVE [Line 11 less Line 12]		=====

FORM 1, PART I – STATEMENT C
NOTES AND INSTRUCTIONS

The Early Warning system is designed to provide advance warning of a *Dealer Member* encountering financial difficulties. It will anticipate capital shortages and/or liquidity problems and encourage *Dealer Members* to build a capital cushion.

Line 1 - If *Risk Adjusted Capital* of the *Dealer Member* is less than:

- (a) 5% of *total margin required* (Line 12 above), then the *Dealer Member* is designated as being in Early Warning category **Level 1**, or
- (b) 2% of *total margin required* (Line 12 above), then the *Dealer Member* is designated as being in Early Warning category **Level 2**,

and the applicable *sanctions* outlined in *IIROC* rules will apply.

Lines 2 and 3 - These items are deducted from RAC because they are illiquid or the receipt is either out of the *Dealer Member's* control or contingent.

Line 4 - Pursuant to the Notes and Instructions for the completion of Statement B, Line 20, where the entity would otherwise qualify as an acceptable securities location except for the fact that the *Dealer Member* has not entered into a written custodial agreement with the entity, as required by *IIROC* rules, the *Dealer Member* will be required to deduct an amount up to 10% of the *market value* of the securities held in custody with the entity, in the calculation of its *Early Warning Reserve*. Please refer to the detailed calculation formula set out to the Notes and Instructions for the completion of Statement B, Line 20 to determine the capital requirement to be reported on Statement C, Line 4.

Line 5 - Non-current liabilities (other than subordinated loans, non-current portion of lease liabilities - leasehold inducements, and non-current portion of finance leases and lease-related liabilities) are added back to RAC as they are not current obligations of the *Dealer Member* and can be used as financing.

Line 10 - This add-back ensures that the *Dealer Member* is not penalized at the Early Warning level for accruing income.

Line 11 - If *Early Warning Excess* is negative, the *Dealer Member* is designated as being in Early Warning category Level 2 and the *sanctions* outlined in *IIROC* rules will apply.

Line 13 - If the *Early Warning Reserve* is negative, the *Dealer Member* is designated as being in Early Warning category Level 1 and the *sanctions* outlined in *IIROC* rules will apply.

General client free credit limit		
1. C-13	<i>Early warning reserve</i> of \$ _____ multiplied by 12 [Report NIL if amount is negative]	_____
Less client free credit balances:		
2. Sch.4	<i>Dealer Member's own</i> [see note]	-----
3.	Carried For Type 3 Introducers	-----
4.	Total client free credit balances [Section A, Line 2 plus Section A, Line 3]	_____
5.	AMOUNT REQUIRED TO SEGREGATE BASED ON GENERAL CLIENT FREE CREDIT LIMIT [Section A, Line 4 minus Section A, Line 1; report NIL if result is negative; see note]	_____
B. AMOUNT REQUIRED TO SEGREGATE BASED ON MARGIN LENDING ADJUSTED CLIENT FREE CREDIT LIMIT		
Client free credit limit for margin lending purposes		
1. C-13	<i>Early warning reserve</i> of \$ _____ multiplied by 20 [Report NIL if amount is negative]	_____
Less client free credit balances used to finance client margin loans:		
2.	Total settlement date client margin debit balances	-----
3.	Total client <i>free credit balances</i> [Include amount from Section A, Line 4 above]	-----
4.	Subtotal - Client free credit balances used to finance client margin loans [Lesser of Section B, Line 2 and Section B, Line 3]	_____
5.	Amount required to segregate relating to margin lending [Section B, Line 4 minus Section B, Line 1; report NIL if result is negative]	_____
Free credit limit for all other purposes		
6. C-13	<i>Early warning reserve</i> [Report NIL if amount is negative]	-----
7.	Total settlement date client margin debit balances divided by 20	-----
8.	Portion of early warning reserve available to support all other uses of client free credits [Section B, Line 6 minus Section B, Line 7; report NIL if result is negative]	_____
9.	Client free credit limit for all other purposes [Section B, Line 8 multiplied by 12]	_____
10.	Client free credits not used to finance margin loans [Section A, Line 4 minus Section B, Line 4]	_____
11.	Amount required to segregate relating to all other purposes [Section B, Line 10 minus Section B, Line 9; report NIL if result is negative]	_____
12.	AMOUNT REQUIRED TO SEGREGATE BASED ON MARGIN LENDING ADJUSTED CLIENT FREE CREDIT LIMIT [Section B, Line 5 plus Section B, Line 11]	_____
C. AMOUNT REQUIRED TO SEGREGATE		
1.	Amount required to segregate based on general client free credit limit [Section A, Line 5]	_____
2.	Amount required to segregate based on margin lending adjusted client free credit limit [Section B, Line 12]	_____
3.	AMOUNT REQUIRED TO SEGREGATE [Lesser of Section C, Line 1 and Section C, Line 2 if Section B completed; otherwise Section C, Line 1]	_____
D. AMOUNT IN SEGREGATION:		
1. A-3	Client funds held in trust in an account with an <i>acceptable institution</i> [see note]	-----
2. Sch.2	<i>Market value</i> of securities owned and in <i>segregation</i> [see note]	-----
3.	AMOUNT IN SEGREGATION [Section D, Line 1 plus Section D, Line 2]	_____

FORM 1, PART I – STATEMENT D

4. **NET SEGREGATION EXCESS (DEFICIENCY)** [Section D, Line 3 minus Section C, Line 3, see note]

NOTES:

General – The client free credit limit and *segregation* requirements must be calculated at least weekly, but more frequently if required, consistent with the monitoring requirements for the early warning tests.

Section A, Lines 2 and 3 - *Free credit balances* in RRSP and other similar accounts should not be included. Refer to Schedule 4 - Notes and Instructions for discussion of trade versus settlement date reporting of *free credit balances*. For purposes of this statement, a free credit is:

- (a) For cash and margin accounts - the credit balance less an amount equal to the aggregate of the *market value* of short positions and regulatory margin on those shorts.
- (b) For futures accounts - any credit balance less an amount equal to the aggregate of margin required to carry open *futures contracts* and/or *futures contracts option* positions less equity in those contracts plus deficits in those contracts, provided that such aggregate amount may not exceed the dollar amount of the credit balance.

Section A, Line 5 - If Nil, no further calculation on this Statement need be done.

Section B, Line 2 - Client margin debit balances reported on this line must be determined on a settlement date basis in order to exclude margin debit amounts relating to pending trades that have not yet settled.

Section D, Line 1 - The trust must be an obligation binding the *Dealer Member* (the trustee) to deal with the free credits over which it has control (the trust property), for the benefit of the client (the beneficiary). The trust property must be clearly identified as such even if residing with an *acceptable institution*.

FUNDS HELD IN TRUST FOR RRSP AND OTHER SIMILAR ACCOUNTS ARE NOT TO BE INCLUDED IN THIS CALCULATION.

Section D, Line 2 - The securities to be included are Canadian bank paper with an original term of 1 year or less and bonds, debentures, treasury bills and other securities with a term of 1 year or less, of or guaranteed by the Government of Canada or a Province of Canada, the United Kingdom, the United States of America and any other national foreign government (provided such other foreign government is a member of the Basel Accord and that the securities are currently rated Aaa or AAA by Moody's Investors Service, Inc. or Standard & Poor's Corporation, respectively) which are segregated and held separate and apart from the *Dealer Member's* property.

Section D, Line 4 - If negative, then a segregation deficiency exists, and the *Dealer Member* must correct the segregation deficiency within 5 *business days* following the determination of the deficiency. The *Dealer Member* must provide an explanation of how the deficiency was corrected as well as the date of correction.

FORM 1, PART I – STATEMENT E
NOTES AND INSTRUCTIONS

Comprehensive income

Comprehensive income represents all changes in equity during a period resulting from transactions and other events, other than changes resulting from transactions with owners in their capacity as owners. Comprehensive income includes profit and loss for the period and other comprehensive income (OCI). OCI captures certain gains and losses outside of net income. For regulatory financial reporting, two acceptable sources of other comprehensive income (OCI) are:

- the use of the revaluation model for plant, property and equipment (PPE) and intangible assets, and
- the actuarial gain (loss) on defined benefit pension plans.

Lines

1. Include all gross commissions earned on listed Canadian securities.
Commissions earned on soft dollar deals with respect to the revenue source should also be included in the appropriate Lines 1 to 8. Commission paid to registered representatives must be reported on Line 22 (Expenses: variable compensation). Payouts to other brokers must be reported on Line 23 (Expenses: commissions and fees paid to third parties).
2. Include gross commissions earned on OTC transactions [equity or debt, foreign or Canadian], rights and offers, and other foreign securities.
Commission paid to registered representatives must be reported on Line 22 (Expenses: variable compensation). Payouts to other brokers must be reported on Line 23 (Expenses: commissions and fees paid to third parties).
3. Include all gross commissions and trailer fees earned on mutual fund transactions.
Commissions paid to registered representatives must be reported on Line 22 (Expenses: variable compensation). Payouts to the mutual funds must be reported on Line 23 (Expenses: commissions and fees paid to third parties).
4. Include all gross commissions earned on listed *option* contracts cleared through the Canadian Derivatives Clearing Corporation (CDCC).
Commission paid to registered representatives must be reported on Line 22 (Expenses: variable compensation).
5. Include gross commissions on foreign listed *option* transactions.
Commission paid to registered representatives must be reported on Line 22 (Expenses: variable compensation). Payouts to other brokers must be reported on Line 23 (Expenses: commissions and fees paid to third parties).
6. Include all gross commissions earned on listed *futures contracts* cleared through the CDCC.
Commissions paid to registered representatives must be reported on Line 22 (Expenses: variable compensation).
7. Include all gross commissions earned on foreign listed *futures contracts*.
Commission paid to registered representatives must be reported on Line 22 (Expenses: variable compensation).
8. Include gross commissions earned on OTC *options*, forwards, contracts-for-difference, FX spot, and swaps.
Commission paid to registered representatives must be reported on Line 22 (Expenses: variable compensation).
9. Include all principal revenue [trading profits/losses, including dividends] from listed *options* cleared through CDCC and related underlying security transactions in market makers' and *Dealer Member's* inventory accounts.
Include adjustment of inventories to *market value*.
The financing cost must be reported separately on Line 26 (Expenses: financing cost).
10. Include all principal revenue [trading profits/losses, including dividends] from all other *options* and equities except those indicated on Line 9 (Principal revenue: listed Canadian *options* and related underlying securities).
Include adjustment of inventories to *market value*.
The financing cost must be reported separately on Line 26 (Expenses: financing cost).
11. Include revenue [trading profits/losses] on all debt instruments, other than money market instruments.
Include adjustment of inventories to *market value*.
The financing cost must be reported separately on Line 26 (Expenses: financing cost).
12. Include revenue on all money market activities. Money market commissions should also be shown here.
Include any adjustment of inventories to *market value*.

FORM 1, PART I – STATEMENT E
NOTES AND INSTRUCTIONS [Continued]

The cost of carry must be reported separately on Line 26 (Expenses: financing cost).

13. Include all principal revenue [trading profits/losses] on *futures contracts*.
14. Include revenues from OTC *derivatives*, such as forward contracts and swaps.
Include adjustment of inventories to *market value*.
15. Include revenue relating to equity new issue business - underwriting and/or management fees, banking group profits, private placement fees, trading profits on new issue inventories [trading on an "if, as and when basis"], selling group spreads and/or commissions, and convertible debts.
Syndicate expenses must be reported separately on Line 27 (Expenses: corporate finance cost).
16. Include revenue relating to debt new issue business - Corporate and government issues, and Canada Savings Bond (CSB) commissions.
Amounts paid to CSB sub-agent fees and for syndicate expenses must be reported separately on Line 27 (Expenses: corporate finance cost).
17. Include revenue relating to corporate advisory fees, such as corporate restructuring, privatization, M&A fees.
The related expenses must be reported separately on Line 27 (Expenses: corporate finance cost).
18. Include all interest revenue, which is not otherwise related to a specific liability trading activity [i.e. other than debt, money market, and *derivatives*].
All interest revenue from carrying retail and *institutional client* account balances should be reported on this line. For example, interest revenue earned from client debit balances.
The related interest cost for carrying retail and *institutional client* accounts should be reported separately on Line 26 (Expenses: financing cost).
19. Include proxy fees, portfolio service fees, *segregation* and *safekeeping* fees, RRSP fees, and any charges to clients that are not related to commission or interest.
20. Include foreign exchange profits/losses and all other revenue not reported above.
22. Include commissions, bonuses and other variable compensation of a contractual nature.
Examples would encompass commission payouts to registered representatives (RRs) and payments to institutional and professional trading personnel.
All contractual bonuses should be accrued monthly.
Discretionary bonuses should be reported separately on Line 35 (Expenses: bonuses).
23. Include payouts to other brokers and mutual funds.
25. Include all interest on external *subordinated debt*, as well as non-discretionary contractual interest on internal *subordinated debt*.
26. Include the financing cost for all inventory trading (related to Lines 9, 10, 11 and 12) and the cost of carrying client balances (related to Line 18).
27. Include syndicate expenses and any related corporate finance expenses, as well as CSB fees.
28. Unusual items result from transactions or events that are not expected to occur frequently over several years, or do not typify normal business activities.
Discontinued operations, such as a branch closure, should be reported separately on Line 29 (Expenses: profit (loss) for the period from discontinued operations).
29. A discontinued operation is a business component that has either been disposed or is classified as held for sale and represents (or is part of a plan to dispose) a separate significant line of business or geographical area of operations. For example, branch closure. The profit (loss) on discontinued operations for the period is on a pre-tax basis. The tax component is to be included as part of the income tax expense (recovery) on Line 37.
30. Include all operating expenses (including those related to soft dollar deals).
Over-certification cost relating to debt instruments should be reported on this line.
Transaction cost for inventory trading (specifically for inventory that are categorized as held-for-trading) should be included on this line.

FORM 1, PART I – STATEMENT E
NOTES AND INSTRUCTIONS [Continued]

The expense related to share-based payments (such as stock option or share reward) to *employees* and *non-employees* should be included on this line.

31. This is the profit (loss) number used for the Early Warning profitability tests.
32. When a *Dealer Member* uses the revaluation model for its PPE and intangible assets, changes to the fair value may result in recognizing income after considering accumulated depreciation (or amortization) and OCI surplus.
33. When a *Dealer Member* uses the revaluation model for its PPE and intangible assets, changes to the fair value may result in recognizing expense after considering accumulated depreciation (or amortization) and OCI surplus.
34. Include interest expense on *subordinated debt* with related parties for which the interest charges can be waived if required.
35. This category should include discretionary bonuses and all bonuses to shareholders in accordance with share ownership. These bonuses are in contrast to those reported on Line 22 (Expenses: variable compensation).
37. Include only income taxes and the tax component relating to the profit (loss) on discontinued operations for the period. Realty and capital taxes should be included on Line 30 (Expenses: operating expenses).
39. When a *Dealer Member* uses the revaluation model to re-measure its PPE and intangible assets, changes to fair value may result in a change to shareholders' equity after considering accumulated depreciation (amortization) and income or expense from asset revaluation.
40. When a *Dealer Member* has a defined benefit pension plan and initially adopts a policy of recognizing actuarial gains and losses in full in OCI, the subsequent adjustments must be recognized in OCI.
43. **To be used for MFR filing only.**
44. **To be used for MFR filing only:** Include direct charges or credits to retained earnings.
Any adjustment required to reconcile the MFR's retained earnings to the audited Form 1 retained earnings must be posted to the individual Statement E line items on the first MFR that is filed after the adjustment is known.

FORM 1, PART I – STATEMENT F
NOTES AND INSTRUCTIONS

A. Changes in Issued Capital

Change in share or partnership capital

Depending on the circumstances, a *Dealer Member* must either formally notify or obtain prior approval from *IIROC* for any change in any class of common and preferred share or partnership capital.

Share premium

When the *Dealer Member* sells its shares (initial issuance or from treasury), share premium is the excess amount received by the *Dealer Member* over the par value (or nominal value) of its shares. Share premium cannot be used to pay out dividends.

B. Changes in Reserves

General reserve

General reserve is an amount set aside for future use, expense, loss or claim - in accordance with statute or regulation. It includes an amount appropriated from retained earnings – in accordance with statute or regulation. Appropriation directly from the income statement is not permitted for general reserves.

Reserve - Employee benefits

When a *Dealer Member* has a defined benefit pension plan and initially adopts a policy of recognizing actuarial gains and losses in full in other comprehensive income (OCI), all subsequent adjustments must be recognized as other comprehensive income and will be accumulated in a reserve account.

When a *Dealer Member* has stock option or share award granted to its *employees* by issuing new shares, the *Dealer Member* recognizes the fair value of the option or new shares granted as an expense with a corresponding increase in a reserve account.

Reserve - properties revaluation

When using the revaluation model for certain non-allowable assets (PPE and intangibles), a *Dealer Member* will account the initial increase in value as other comprehensive income (OCI) and will accumulate the increase (and subsequent changes) in a revaluation reserve account.

C. Changes in Retained Earnings

Change in accounting policy and retroactive adjustment of prior year's retained earnings

A change in accounting policy in the current year requires retroactive adjustment of the prior year's retained earnings. The beginning balance of the current year must be the ending balance of the prior year.

FORM 1, PART I – NOTES

(Dealer Member Name)

NOTES TO THE FORM 1 FINANCIAL STATEMENTS

at _____

FORM 1, PART II

- a) Obtained written confirmation from the guarantor of the account(s) guaranteed; and that the *guarantee* was in place during the year ended <year end> .
- b) Compared the wording of the *guarantee* agreements to the minimum requirements of section 5825 of the *IIROC* Rules.

As a result of applying the above procedures, there were no exceptions except as follows:

These procedures do not constitute an audit and therefore we express no opinion on the adequacy of the *Dealer Member's* insurance coverage, *segregation* of client securities, maintenance of *guarantee* relationships, or internal control policies and procedures. This report is for use solely by *IIROC* and *CIPF* to assist in their assessment of the *Dealer Member's* compliance with the requirements regarding maintaining minimum insurance, segregating client securities, and maintaining *guarantee* relationships as outlined in the Rules of *IIROC* and not for any other purpose.

FORM 1, PART II – SCHEDULE 1

NOTES AND INSTRUCTIONS

1. This schedule is to be completed for secured loan receivable transactions whereby the stated purpose of the transaction is to lend excess cash. All security borrowing and financing transactions done via 2 trade tickets, including resale transactions and those with related parties, should also be disclosed on this schedule.
2. For the purpose of this schedule,
 - (a) "cash loan receivable" is a loan transaction where the purpose of the loan is for the *Dealer Member* to lend cash and receive securities as collateral from the counterparty;
 - (b) "excess collateral deficiency" is defined as:
 - (i) For a cash loan receivable, any excess of the amount of the loan over the *market value* of the actual collateral received from the transaction counterparty;or
 - (ii) For a securities borrow arrangement, any excess of the *market value* of the actual collateral provided to the transaction counterparty over:
 - (A) 102% of the *market value* of the securities borrowed, where cash is provided as collateral; or
 - (B) 105% of the *market value* of the securities borrowed, where securities are provided as collateral.
- and
- (c) "securities borrow arrangement" is a loan transaction where the purpose of the loan is for the *Dealer Member* to borrow securities and deliver cash or securities as collateral to the counterparty.
3. Include accrued interest in amount of loan receivable.
4. *Market value* of securities delivered or received as collateral should include accrued interest.

5. Cash loans receivable

(a) Written agreement requirements

Any written agreement for a cash loan receivable between the *Dealer Member* and a counterparty must include terms which provide:

- (i) For the rights of either party to retain or realize on securities held by it from the other party on default;
- (ii) For events of default;
- (iii) For the treatment of the value of securities held by a non-defaulting party in excess of amounts which may be owed by a defaulting party;
- (iv) Either for set-off or, in the case of secured loans of securities, continuous segregation of collateral and the requirement for the lender to perfect a security interest in collateral giving the highest priority; and
- (v) If set-off rights or security interests are created in securities provided as collateral by one party to another, that the securities are endorsed for transfer, where applicable, and free of any trading restrictions.

(b) Margin requirements

The margin requirements for a cash loan receivable are as follows:

- (i) Where a written agreement has not been entered into or the written agreement entered into does not include all of the required minimum terms in Note 5(a), the margin required shall be:
 - (A) Nil, where the counterparty to the transaction is an *acceptable institution* and the transaction has been confirmed with the *acceptable institution*, or
 - (B) 100% of the *market value* of the actual collateral provided to the transaction counterparty.
- (ii) Where a written agreement has been entered into that includes all of the required minimum terms in Note 5(a), the margin required to be provided shall be determined according to the following table:

FORM 1, PART II – SCHEDULE 1
NOTES AND INSTRUCTIONS [Continued]

Transaction counterparty type	Margin required
<i>Acceptable institution</i>	No margin ¹
<i>Acceptable counterparty</i>	Excess collateral deficiency ¹
<i>Regulated entity</i>	Excess collateral deficiency ¹
Other	Margin
¹ Any transaction which has not been confirmed by an <i>acceptable institution, acceptable counterparty or regulated entity</i> within 15 <i>business days</i> of the trade shall be margined.	

6. Securities borrow arrangements

(a) Written agreement requirements

Any written agreement for a securities borrowing arrangement between the *Dealer Member* and a counterparty must include terms which provide:

- (i) For the rights of either party to retain or realize on securities held by it from the other party on default;
- (ii) For events of default;
- (iii) For the treatment of the value of securities held by a non-defaulting party in excess of amounts which may be owed by a defaulting party;
- (iv) Either for set-off or, in the case of secured loans of securities, continuous segregation of collateral and the requirement for the lender to perfect a security interest in collateral giving the highest priority; and
- (v) If set-off rights or security interests are created in securities borrowed or securities provided as collateral by one party to another, that the securities are endorsed for transfer, where applicable, and free of any trading restrictions.

(b) Additional written agreement requirements for certain agency agreements

Agency agreements where agent may be treated as equivalent to principal

Any written collateral management or custodial agreement involving a securities borrowing arrangement between the *Dealer Member* and a third party custodian, which is acting as an agent, may be reported and treated in the same manner for margin purposes as the equivalent principal securities borrowing arrangement between the *Dealer Member* and the third party custodian, if all of the following additional terms [i.e. over and above those set out in Note 6(a)] are stipulated in the written agreement:

- (i) the loan collateral must be held by the third party custodian agent and if the loan collateral is made up of securities there must be no right to re-hypothecate those securities;
- (ii) in the event of the *Dealer Member* default, the loan collateral that has been posted with the third party custodian agent will be liquidated by the third party custodian agent and proceeds used to purchase the borrowed security which will be returned to the underlying principal lender. If the borrowed security cannot be purchased in the market, its equivalent value is returned to the underlying principal lender. Any excess value on the realization on the loan collateral will be returned by the third party custodian agent to the *Dealer Member*; and
- (iii) the third party custodian agent must meet the definition of “financial intermediary” in relation to the Eligible Financial Contract General Rules (Bankruptcy and Insolvency Act).

Agency agreements where agent must not be treated as equivalent to principal

Where these additional terms [(i),(ii) and (iii) immediately above] are not all present or the arrangement does not involve an agent that is acting as a third party custodian, the *Dealer Member* must look through the agent in the agency arrangement to the underlying principal lender and the agency arrangement must be reported and treated in the same manner for margin purposes as the equivalent principal securities borrowing arrangement between the *Dealer Member* and the underlying principal lender.

(c) Margin requirements

FORM 1, PART II – SCHEDULE 1
NOTES AND INSTRUCTIONS [Continued]

The margin requirements for a securities borrowing arrangement are as follows:

- (i) Where a written agreement has not been entered into or the written agreement entered into does not include all of the required minimum terms in Note 6(a), the margin required shall be:
 - (A) Nil, where the counterparty to the transaction is an *acceptable institution* and the transaction has been confirmed with the *acceptable institution*, or
 - (B) 100% of the *market value* of the actual collateral provided to the transaction counterparty.
- (ii) Where a written agreement has been entered into that includes all of the required minimum terms in Note 6(a), for margin purposes:
 - (A) For principal arrangements, the counterparty is the principal in the arrangement,
 - (B) For agency arrangements, where a third party custodian agent is involved and all of the additional required minimum terms in Note 6(b) are present, the counterparty is the third party custodian,
 - (C) For agency arrangements, where all of the additional required minimum terms in Note 6(b) are not present or the arrangement does not involve an agent that is acting as a third party custodian, the counterparty is the underlying principal lender,

the margin required to be provided shall be determined according to the following table:

Transaction counterparty type	Margin required
<i>Acceptable institution</i>	No margin ¹
<i>Acceptable counterparty</i>	Excess collateral deficiency ¹
<i>Regulated entity</i>	Excess collateral deficiency ¹
Other	Margin
¹ Any transaction which has not been confirmed by an <i>acceptable institution</i> , <i>acceptable counterparty</i> or <i>regulated entity</i> within 15 <i>business days</i> of the trade shall be margined.	

7. Securities resale agreements

(a) Written agreement requirements

Any written agreement for a securities resale agreement between the *Dealer Member* and a counterparty must include terms which provide:

- (i) For the rights of either party to retain or realize on securities held by it from the other party on default,
- (ii) For events of default,
- (iii) For the treatment of the value of securities held by a non-defaulting party in excess of amounts which may be owed by a defaulting party,
- (iv) Either for set-off or, in the case of secured loans of securities, continuous segregation of collateral and the requirement for the lender to perfect a security interest in collateral giving the highest priority,
- (v) If set-off rights or security interests are created in securities sold or loaned by one party to another, that the securities are endorsed for transfer, where applicable, and free of any trading restrictions; and
- (vi) For an acknowledgement by the parties that either has the right, upon notice, to call for any shortfall in the difference between the collateral and the securities at any time.

(b) Margin requirements

The margin requirements for a securities resale agreement are as follows:

- (i) Where a written agreement has not been entered into or the written agreement entered into does not include all of the required minimum terms, the margin required to be provided shall be determined according to the following table:

FORM 1, PART II – SCHEDULE 1
NOTES AND INSTRUCTIONS [Continued]

Transaction counterparty type	Margin required based on term of transaction	
	30 calendar days or less after regular settlement ¹	Greater than 30 calendar days after regular settlement ¹
<i>Acceptable institution</i>	No margin ²	
<i>Acceptable counterparty</i>	<i>Market value</i> deficiency ²	Margin
<i>Regulated entity</i>	<i>Market value</i> deficiency ²	Margin
Other	Margin	200% of margin (to a maximum of the <i>market value</i> of the underlying securities)
¹ Regular settlement means the settlement date or delivery date generally accepted according to industry practice for the relevant security in the market in which the transaction occurs. Margin is calculated from the date of regular settlement. Calendar days refer to the original term of the resale transaction. ² Any transaction which has not been confirmed by an <i>acceptable institution, acceptable counterparty or regulated entity</i> within 15 <i>business days</i> of the trade shall be margined.		

- (ii) Where a written agreement has been entered into that includes all of the required minimum terms, the margin required to be provided shall be determined according to the following table:

Transaction counterparty type	Margin required
<i>Acceptable institution</i>	No margin ¹
<i>Acceptable counterparty</i>	<i>Market value</i> deficiency ¹
<i>Regulated entity</i>	<i>Market value</i> deficiency ¹
Other	Margin
¹ Any transaction which has not been confirmed by an <i>acceptable institution, acceptable counterparty or regulated entity</i> within 15 <i>business days</i> of the trade shall be margined.	

8. For any given counterparty a deficiency in one type of loan may be offset by an excess in another type of loan provided that there are written agreements for each type of loan which provide for the right of offset between each type of loan. In such case, the balances may also be offset for margin calculation purposes.
9. In order for a pension fund to be treated as an *acceptable institution* for purposes of this Schedule, it must not only meet the *acceptable institution* criteria outlined in General Notes and Definitions, but the *Dealer Member* must also have received representation that the pension fund is legally able to enter into the obligations of the transaction. If such representation has not been received, the pension fund which otherwise meets the *acceptable institution* criteria must be treated as an *acceptable counterparty*.
10. **Lines 2, 3, 6 and 7** - In the case of a cash loan receivable or a securities borrowing arrangement between a *Dealer Member* and either an *acceptable counterparty* or a *regulated entity*, where an *excess collateral deficiency* exists, action must be taken to correct the deficiency. If no action is taken the amount of *excess collateral deficiency* must be immediately provided out of the *Dealer Member's* capital. In any case, where the deficiency exists for more than one *business day*, it must be provided out of the *Dealer Member's* capital.
11. **Lines 10 and 11** - In the case of a resale transaction between a *Dealer Member* and either an *acceptable counterparty* or a *regulated entity*, where a deficiency exists between the *market value* of the securities resold and the *market value* of the cash pledged, action must be taken to correct the deficiency. If no action is taken the amount of *market value* deficiency must be immediately provided out of the *Dealer Member's* capital. In any case, where the deficiency exists for more than one *business day*, it must be provided out of the *Dealer Member's* capital.
12. **Lines 4, 8 and 12** - In the case of a cash loan receivable or a securities borrowing or a resale arrangement / transaction between a *Dealer Member* and a party other than an *acceptable institution, acceptable counterparty or regulated entity*, where a deficiency exists between the loan value of the cash loaned or securities borrowed or resold and the loan value of the collateral or cash pledged, action must be taken to correct the deficiency. If no action is taken the amount of loan value deficiency must be

FORM 1, PART II – SCHEDULE 1
NOTES AND INSTRUCTIONS [Continued]

immediately provided out of the *Dealer Member's* capital. The margin required may be reduced by any margin already provided on the collateral (e.g. in inventory). Where the collateral is either held by the *Dealer Member* on a fully segregated basis or held in escrow on its behalf by an Acceptable Depository or a bank or trust company qualifying as either an *acceptable institution* or *acceptable counterparty*, only the amount of *market value* deficiency need be provided out of the *Dealer Member's* capital. In any case, where the deficiency exists for more than one *business day*, it must be provided out of the *Dealer Member's* capital.

13. **Lines 5, 6 and 7** - In a securities borrowed transaction between a *Dealer Member* and an *acceptable institution, acceptable counterparty, or regulated entity*, where a letter of credit issued by a Schedule 1 Bank is used as collateral for the securities borrowed, there shall be no charge to the *Dealer Member's* capital for any excess of the value of the letter of credit pledged as collateral over the *market value* of the securities borrowed.
14. **Lines 4, 8 and 12** - Arrangements other than those regarding agency agreements where an agent may be treated as equivalent to principal in Note 6(b) whereby an *acceptable institution, acceptable counterparty, or regulated entity* is only acting as an agent (on behalf of an "other" party) should be reported and margined as "Others".

FORM 1, PART II – SCHEDULE 2
NOTES AND INSTRUCTIONS

Valuation and margin rates

All securities are to be valued at market (see General Notes and Definitions) as of the reporting date. The margin rates to be used are those outlined in *IIROC* rules.

All securities owned and sold short

Schedule 2 summarizes **all** securities owned and sold short by the categories indicated. Details that must be included for each category are total long *market value*, total short *market value* and *total margin required* as indicated.

Margining of option positions

Where the *Dealer Member* utilizes the computerized options margining program of an *acceptable exchange* operating in Canada, the margin requirement produced by such program may be used provided the positions in the *Dealer Member's* records agree with the positions in the exchange's computer. No details of such positions are to be reported if the programs are employed. Details of any adjustments made to the margin calculated by the exchange's computer-margining program must be provided. For the purposes of this paragraph, an *acceptable exchange* operating in Canada is limited to The Montreal Exchange.

Request for detailed information

The examiners and/or *auditors of IIROC* may request additional details of securities owned or sold short as they, in their discretion, believe necessary.

Margin offsets

Where there are margin offsets between categories, the residual should be shown in the category with the larger initial margin required before offsets.

Line 1 - Money market is to include Canadian & US Treasury Bills, Bankers Acceptances, Bank paper (Domestic & Foreign), Municipal and Commercial Paper or other similar instruments.

Supplementary instructions for reporting money market commitments:

"**Market Price**" for money market commitments [fixed-term repurchases, calls, etc.] shall be calculated as follows:

- (i) Fixed date repurchases [no borrower call feature] - the market price is the price determined by applying the current yield for the security to the term of maturity from the repurchase date. This will permit calculation of any profit or loss based on the market conditions at the reporting date. Exposure due to future changes in market conditions is covered by the margin rate.
- (ii) Open repurchases [no borrower call feature] - prices are to be determined as of the reporting date or the date the commitment first becomes open, whichever is the later. Market price is to be determined as in (i) and commitment price is to be determined in the same manner using the yield stated in the repurchase commitment.
- (iii) Repurchase with borrower call features - the market price is the borrower call price. No margin is required where the total consideration for which the holder can put the security back to the dealer is less than the total consideration for which the dealer may put the security back to the issuer. However, where a holder consideration exceeds dealer consideration [the dealer has a loss], the margin required is the lesser of:
 - (a) the prescribed rate appropriate to the term of the security, and
 - (b) the spread between holder consideration and dealer consideration [the loss] based on the call features subject to a minimum of 1/4 of 1% margin.

Line 7 - Registered traders, specialists and market makers margin requirements are:

- (i) The minimum margin requirement for each TSX registered trader is \$50,000.
- (ii) The minimum margin requirement for each MX registered specialist is the lesser of \$50,000 or an amount sufficient to assume a position of twenty board lots of each security in which such specialist is registered, subject to a maximum of \$25,000 per issuer.
- (iii) The market maker minimum margin requirement is for the TSX \$50,000 for each specialist appointed and for the MX \$10,000 for each security and/or class of options appointed (not to exceed \$25,000 for each market maker in each preceding case). No minimum margin is required where the market maker does not have an appointment.

FORM 1, PART II – SCHEDULE 2
NOTES AND INSTRUCTIONS [Continued]

The above-noted minimum margin for each registered trader, specialist, or market maker may be applied as an offset to reduce any margin on positions held long or short in the registered trading account of such registered trader, specialist or market maker. It cannot be used to offset margin required for any other registered trader, specialist or market maker or for any other security positions of the *Dealer Member*.

The *market values* related to positions in registered traders, specialists and market maker accounts should be included in the appropriate categories in the preceding lines of the Schedule. Related margin in excess of the minimum margin reported on this line should also be included in the preceding lines.

Line 9 - The securities to be included are Canadian bank paper with an original term of 1 year or less and bonds, debentures, treasury bills and other securities with a term of 1 year or less, of or guaranteed by the Government of Canada or a Province of Canada, the United Kingdom, the United States of America and any other national foreign government (provided such other foreign government is a member of the Basel Accord and that the securities are currently rated Aaa or AAA by Moody's Investors Service, Inc. or Standard & Poor's Corporation, respectively), which are segregated and held separate and apart from the *Dealer Member's* property.

Line 12 - Include margin reductions from offsets against IA reserves only to the extent there is a written agreement between the *Dealer Member* and the trader permitting the *Dealer Member* to recover realized or unrealized losses from the IA reserve account. Include margin reductions arising from guarantees relating to inventory accounts by Partners, *Directors*, and Officers of the *Dealer Member* (PDO Guarantees).

B-11

NOTES:

- This schedule need only be completed for underwriting commitments requiring concentration margin.
- INDIVIDUAL COMMITMENT CONCENTRATION:**
Where the normal margin required on any one commitment is reduced due to either:
 - the use of a new issue letter; or
 - qualifying expressions of interest received from exempt list customers that have been verbally confirmed but not yet contracted [the margin reduction is only permitted once the final allocation has been made to the exempt purchasers and the entire allotment to exempt purchasers has been verbally confirmed]
 and the normal margin on the commitment exceeds 40% of the *Dealer Member's* net allowable assets, such excess shall be provided as margin. The amount to be added may be reduced by the amount of margin already provided on the individual underwriting position to which such excess relates.
- Report details by individual commitments.
- OVERALL COMMITMENT CONCENTRATION:**
Where the normal margin required on some or all commitments is reduced due to either:
 - the use of a new issue letter; or
 - qualifying expressions of interest received from exempt list customers that have been verbally confirmed but not yet contracted [the margin reduction is only permitted once the final allocation has been made to the exempt purchasers and the entire allotment to exempt purchasers has been verbally confirmed]
 and the aggregate normal margin on these commitments exceeds 100% of the *Dealer Member's* net allowable assets, such excess shall be provided as margin. The amount to be added may be reduced by the amount of margin already provided on such commitments and by the amount, if any, already provided for individual concentration.
- It is not necessary to report details of individual commitments. Report the aggregate totals.

FORM 1, PART II – SCHEDULE 4
NOTES AND INSTRUCTIONS

1. EACH DEALER MEMBER SHALL OBTAIN FROM CLIENTS, PARTNERS, SHAREHOLDERS, AND CLIENTS CARRIED FOR AN INTRODUCING BROKER, SUCH MINIMUM MARGIN IN SUCH AMOUNT AND IN ACCORDANCE WITH SUCH REQUIREMENTS AS PRESCRIBED BY IIROC.
2. **"extended settlement date"** transaction shall mean a transaction (other than a mutual fund security redemption) in respect of which the arranged settlement date is a date after *regular settlement date*.
"regular settlement date" means the settlement date generally accepted according to industry practice for the relevant security in the market in which the transaction occurs, including foreign jurisdictions. For margin purposes, if such settlement date exceeds 15 *business days* past trade date, settlement date will be deemed to be 15 *business days* past trade date. In the case of new issue trades, *regular settlement date* means the contracted settlement date as specified for that issue.
3. **Lines 1 to 3** - Balances including *extended settlement date* transactions should be reported on these lines. However, the margin related to such extended settlements should be calculated as described in Note 13 and reported on Line 4.
4. **Line 1** - No mark to market or margin is required on accounts with *acceptable institutions* in the case of either *regular* or *extended settlement date* transactions EXCEPT any transaction which has not been confirmed by an *acceptable institution* within 15 *business days* of the trade date shall be margined.
This line is to include all trading balances with *acceptable institutions* except *free credit balances*, which should be included on Line 5.
5. **Line 2** - In the case of a *regular settlement date* transaction in the account of an *acceptable counterparty* the amount of margin to be provided, commencing on *regular settlement date*, shall be the equity deficiency calculated by determining the difference between (a) the net *market value* of all settlement date security positions in the customer's account(s) and (b) the net money balance on a settlement date basis in the same account(s).
Any transaction, which has not been confirmed by an *acceptable counterparty* within 15 *business days* of the trade date, shall be margined.
This line is to include all trading balances with *acceptable counterparties* except *free credit balances*, which should be included on Line 5.
6. **Line 3(a) - "margin accounts"** means accounts which operate according to the following rules:
 1. Settlement of each transaction in a margin account of a customer shall be made on or before the settlement date by payment of the amount required to complete the transaction or by delivery of the required securities, as the case may be.
 2. Payment by a customer in respect of any margin account transaction may be by:
 - a) cash or other immediately available funds;
 - b) applying the loan value of securities to be deposited;
 - c) applying the excess loan value in the account or in a guarantor's account.
 3. Each margin account of a customer, which has become undermargined, shall within 20 *business days* of the account becoming undermargined be restricted only to trades, which reduce the margin deficiency in the account. Such restriction shall apply until the account is fully margined.
 4. Advancing funds or delivering securities from the account of a customer shall not be permitted as long as the account is undermargined or if such advance or delivery would cause the account to become undermargined.
7. **Line 3(a)** - In the case of a *regular settlement date* transaction in the margin account of a *person* other than a *regulated entity*, *acceptable counterparty* or *acceptable institution*, the amount of margin to be provided, commencing on *regular settlement date*, shall be the margin deficiency at not less than prescribed rates, if any, that exists.

TRADE DATE MARGINING

For *Dealer Members* determining margin deficiencies for clients on a trade date basis, (a) any amount of margin required to be provided under this subsection shall be determined using money balances and security positions as of trade date, and (b) the amount referred to in the previous paragraph shall be determined and provided commencing on trade date.

8. **Line 3(b) - "cash accounts"** means accounts which operate according to the following rules:
 1. **CASH ACCOUNTS**
Settlement of each transaction in a cash account (other than DAP or RAP transactions referred to below) of a customer should be made by payment or delivery on the settlement date. In the event the account does not settle as required, capital will be provided as prescribed in Note 9.

FORM 1, PART II – SCHEDULE 4
NOTES AND INSTRUCTIONS [Continued]

2. DELIVERY AGAINST PAYMENT (DAP)

Settlement of a purchase transaction in an account for which the customer has made arrangements with the *Dealer Member* on or before settlement date for delivery by the *Dealer Member* against payment in full by the customer shall be settled on the later of (i) settlement date or (ii) the date on which the *Dealer Member* gives notice to the customer that the securities purchased are available for delivery.

3. RECEIPT AGAINST PAYMENT (RAP)

Settlement of a sale transaction in an account for which the customer has made arrangements with the *Dealer Member* on or before settlement date for receipt of securities by the *Dealer Member* against payment to the customer shall be settled on the settlement date.

4. PAYMENT

Payment by a customer in respect of any cash account transaction may be by:

- a) cash or other immediately available funds;
- b) the application of the proceeds of the sale of the same or other securities held long in any cash account of the customer with the *Dealer Member* provided that the equity (trade date brokers include unsettled transactions) in such account exceeds the amount of the transaction;
- c) the transfer of funds from a margin account of the customer with the *Dealer Member* provided adequate margin is maintained in such account immediately before and after the transfer.

5. ISOLATED TRANSACTIONS

A customer shall be permitted in an isolated instance to:

- a) settle, when the equity (excluding all unsettled transactions) in such account does not exceed the amount of the transaction, a regular or DAP cash account transaction by the sale of the same security in any cash account of the customer with the *Dealer Member*;
- b) transfer a transaction in a cash account to a margin account prior to payment in full; or
- c) transfer a transaction in a DAP account to a margin account within 10 *business days* after settlement date.

6. ACCOUNT RESTRICTIONS

a) Cash accounts

When any portion of the money balance for a cash account of a customer is outstanding 20 *business days* or more after settlement date the customer shall be restricted from entering into any other transactions (other than liquidating transactions) in any account of the customer with the *Dealer Member*, unless and until (i) payment of any such money balance outstanding for 20 *business days* or more shall have been made, (ii) all open and unsettled transactions in any cash account of the customer with the *Dealer Member* have been transferred in accordance with subsection 7, or (iii) the customer has executed a liquidating transaction in the account with the effect that no portion of the money balance in the account is outstanding 20 *business days* or more after settlement date.

b) DAP accounts

When any portion of the money balance for a DAP account transaction of a customer is outstanding 5 *business days* or more (or, in the case of transactions of customers situated other than in continental North America, 15 *business days*) from the date on which the transaction is required to be settled in accordance with subsection 2. the customer shall be restricted from entering into any other transaction (other than liquidating transactions) in any other account of the customer with the *Dealer Member*, unless and until (i) such transaction has been settled in full or (ii) all open and unsettled transactions in any cash account of the customer with the *Dealer Member* have been transferred in accordance with subsection 7.

7. TRANSFER TO MARGIN ACCOUNT

The account restrictions in subsection 6 (a) and (b) shall not apply to the accounts of a customer who (i) do not have a margin account with the *Dealer Member*, and (ii) on or after the accounts becoming so restricted, transfers all open and unsettled transactions in any cash account of the customer with the *Dealer Member* to one or more newly established margin accounts of the customer with the *Dealer Member*, provided such margin accounts have been properly established by the completion of all necessary documentation and action and adequate margin is maintained in such account(s) immediately after such transfer.

8. ACCEPTABLE INSTITUTIONS AND OTHERS

FORM 1, PART II – SCHEDULE 4
NOTES AND INSTRUCTIONS [Continued]

Subsection 6 does not apply to the accounts of *acceptable institutions, acceptable counterparties, non-Dealer Member brokers, or regulated entities*.

9. **Line 3(b)** - Margin must be provided as follows:

CASH ACCOUNTS

- a) When any portion of the money balance in a cash account of a *person* other than a *regulated entity, acceptable counterparty or acceptable institution* is overdue for a period of less than 6 *business days* past *regular settlement date*, in the case of regular settlement transactions, the amount of margin to be provided, commencing on *regular settlement date*, shall be the equity deficiency, if any, calculated by determining the difference between (a) the net weighted *market value* of all settlement date security positions in the customer's cash account(s) and (b) the net money balance on a settlement date basis in the same account(s).

For the purposes of calculating weighted *market value*, the following weightings will apply:

- Securities that currently have a margin rate of 60% or less, are weighted at 1.000
 - Listed securities with a margin rate greater than 60% are weighted as 0.333
 - Nasdaq National Market[®] and Nasdaq SmallCap MarketSM securities with a margin rate of more than 60% are weighted as 0.333
 - All other unlisted securities with a margin rate of more than 60% are weighted as 0.000.
- b) Commencing on 6 *business days* or more past *regular settlement date*, the amount of margin to be provided shall be the margin deficiency, if any, that would exist if all of the customer's cash accounts were margin accounts;
- c) The amounts provided in (a) or (b) above may be reduced by the amount of excess margin in the customer's margin accounts and any equity surplus in the customer's DAP and RAP accounts, if any.

DAP AND RAP ACCOUNTS

- a) When any portion of the money balance in a DAP account or RAP account of a *person* other than a *regulated entity, acceptable counterparty or acceptable institution* is overdue for a period of less than 10 *business days* past *regular settlement date*, in the case of regular settlement transactions, the amount of margin to be provided, commencing on *regular settlement date*, shall be the equity deficiency, if any, of (a) the net *market value* of all settlement date security positions in the customer's DAP, or RAP account(s) and (b) the net money balance on a settlement date basis in the same account(s).
- b) For each transaction in a DAP or RAP account which is unsettled, or any money portion in respect of such transaction is outstanding, in either case for a period of 10 *business days* or more past *regular settlement date*, the amount of margin to be provided shall be the margin deficiency calculated in respect of each such transaction as if such transaction was in a margin account.
- c) For a customer whose accounts are restricted, the amount to be provided shall be the margin deficiency, if any, that would exist if all of the customer's DAP and RAP accounts were margin accounts;
- d) The amount to be provided in (a), (b) or (c) above may also be reduced by the amount of excess margin in the customer's margin accounts and any equity surplus in the customer's cash accounts, if any.

CONFIRMATIONS AND COMMITMENT LETTERS

The margin requirements outlined in the previous paragraphs of Note 9 do not apply if a customer has provided the *Dealer Member* on or before settlement date with an irrevocable and unconditional confirmation from an *acceptable clearing corporation* or letter of commitment from an *acceptable institution* to the effect that such corporation or institution will accept delivery from the *Dealer Member* and pay for the securities to be delivered, and in such event settlement shall be considered provided for by the customer.

TRADE DATE MARGINING

For *Dealer Members* determining margin deficiencies for clients on a trade date basis, the amount of margin required between trade date and settlement date shall be the equity deficiency, if any, calculated by determining the difference between (a) the net *market value* of all trade date security positions in the customer's cash, DAP or RAP account(s) and (b) the trade date net money balance in the same account(s). Commencing on *regular settlement date*, the amount of margin to be provided shall be the margin requirement outlined in the previous paragraphs of Note 9.

10. Any transactions in open cash accounts at the report date which, subsequent to that date, become in violation of the cash account requirements and have resulted in either a material loss or a material deficit - equity position, must either be fully margined or the

FORM 1, PART II – SCHEDULE 4
NOTES AND INSTRUCTIONS [Continued]

total amount to margin such items must be reported as a footnote to Form 1.

11. **Line 3(c)** - Client accounts shall be marked to market and margined daily using as a minimum the margin requirements of the Clearing House of the Futures Exchange on which the *futures contract* is traded or at the rate required by the *Dealer Member's* clearing broker, whichever is the greater.
12. **Line 3(d)** - The amount required to fully margin should be the aggregate of unsecured debits plus the margin required on any short security positions in such accounts or in accounts with no money balance. Any account that is partly secured should be included on Line 3(a) - Margin Accounts.
13. **Line 4** - Report only the margin related to extended settlements in cash, DAP, RAP or margin accounts on this line. In the case of an extended settlement transaction between a *Dealer Member* and either an *acceptable counterparty* or any other counterparty (other than an *acceptable institution* (see Note 4) or *regulated entity* (see Schedule 5)), the position shall be margined as follows, commencing on *regular settlement date*:

CALENDAR DAYS AFTER REGULAR SETTLEMENT (Note 1)		
Counterparty	30 days or less	Greater than 30 days
<i>Acceptable counterparty</i>	Market deficiency (Note 2)	Margin
Other	Margin	200% of margin (to a maximum of the <i>market value</i> of the underlying securities)
Note 1: Calendar days refers to the original term of the extended settlement transaction. Note 2: Any transaction which has not been confirmed by an <i>acceptable counterparty</i> within 15 <i>business days</i> of the trade shall be margined.		

14. **Line 5** - *Free credit balances* in all accounts except RRSP and other similar accounts should be included. *Dealer Members* margining on a trade date basis will generally calculate *free credit balances* on a trade date basis and should report this trade date figure on Line 5. However, for those *Dealer Members* margining on a settlement date basis, their *free credit balances* will generally be calculated on a settlement date basis and this settlement date figure should be reported on Line 5. Note that a consistent basis of calculating *free credit balances* must be used from month to month.
 For cash and margin accounts, a free credit is: "the credit balance less an amount equal to the aggregate of the *market value* of short positions and regulatory margin on those shorts".
 For futures accounts, a free credit is: "any credit balance less an amount equal to the aggregate of margin required to carry open *futures contracts* and/or *futures contracts option* positions less equity in those contracts plus deficits in those contracts, provided that such aggregate amount may not exceed the dollar amount of the credit balance."
15. **Line 5(a)** - For those *Dealer Members* reporting *free credit balances* on a settlement date basis on Line 5, report the *free credit balances* arising as a result of pending trades on this line.
16. **Line 7** - Deduct the allowance for bad debts recorded in the accounts in order that the totals in Line 8 are shown "net".
17. **Line 9(b)** - Include margin reductions from offsets against IA reserves only to the extent there is a written agreement between the *Dealer Member* and the IA permitting the *Dealer Member* to recover the unsecured balances of the IA's client accounts from the IA reserve account. Include margin reductions arising from guarantees relating to customers' accounts by Partners, *Directors*, and Officers of the *Dealer Member* (PDO Guarantees). Include margin reductions arising from offsets against non-specific allowances of the *Dealer Member*.

6. TOTAL	-----	-----	-----
	A-10	A-54	B-13

FORM 1, PART II – SCHEDULE 5
NOTES AND INSTRUCTIONS

1. This schedule is only to include ordinary security trading transactions. All security borrowing or lending transactions should be disclosed on Schedules 1 or 7.
2. **Lines 1, 2, 3 and 4 where applicable** - Balances may be reported on a “net” basis (broker by broker) or on a “gross” basis. Balances with a broker or dealer must not be netted against those with its *affiliated* company.
3. **Line 1** - For definition, see General Notes and Definitions.
Margin on such balances should be provided as follows:
 - (i) Trades settling through a Net Settlement system should be treated as if the other party to the trade was an *acceptable institution*. For example, CNS balances with CDS, and CNS balances with National Securities Clearing Corporation.
 - (ii) All transactions done through CDS outside of the CNS system should be treated as if with a single counterparty to be classified as an *acceptable counterparty* (even if some or all of the other parties qualify as an *acceptable institution*).
 - (iii) Other trades settling on a transaction by transaction basis should be treated as if they were to be settled directly with the other party to the trade. For example, balances arising from trades settled through National Securities Clearing Corporation’s Netted Balance Order or Trade-for-Trade Services, and balances arising from trades settled through Euroclear and Cedel.
4. **Line 2** - This line is not to include non-arms’ length transactions which are to be reported on Line 3. For definition of “*regulated entity*”, see General Notes and Definitions. Margin on balances with *regulated entities* must be provided as follows:
 - (i) In the case of a *regular settlement date* transaction in the account of a *regulated entity* the amount of margin to be provided, commencing on *regular settlement date*, shall be the equity deficiency of (a) the net *market value* of all settlement date security positions in the broker’s accounts, and (b) the net money balance on a settlement date basis in the same accounts. In the case of an *extended settlement date* transaction between a *Member* and a *regulated entity*, commencing on *regular settlement date* the position shall be marked to market if the original term of the extended settlement transaction is 30 days or less, otherwise the position should be margined at applicable rates.
 - (ii) Any transaction which has not been confirmed by a *regulated entity* within 15 *business days* of the trade date shall be margined.
5. **Line 3(a)** - Margin must be provided as outlined for *regulated entities* in note 4 above.
6. **Line 3(b)** - If the *affiliated/related company* qualifies as a *regulated entity*, then margin must be provided as outlined for *regulated entities* in note 4 above.
If the *affiliated/related company* qualifies as an *acceptable counterparty*, then margin must be provided in the manner outlined in Schedule 4 Notes and Instructions for *acceptable counterparties*.
If neither of the above, then margin must be provided in the manner outlined in Schedule 4 Notes and Instructions for regular clients’ accounts.
7. **Line 4(a)** - All balances must be margined in the same way as accounts of *acceptable counterparties* (see Schedule 4 Notes and Instructions). Balances, or portions thereof, arising from trading transactions such as futures, *options* and short sale deposits should also be reported on this line. This line should also include balances with approved *inter-dealer bond brokers*.
Approved *inter-dealer bond brokers* are those inter-dealer bond dealers that are approved by IIROC and the Bourse de Montréal Inc. The list of approved *inter-dealer bond brokers* will be published from time to time through the issuance of a regulatory notice.
8. **Line 4(b)** - All balances must be margined in the same way as regular clients’ accounts (see Schedule 4 Notes and Instructions). Balances, or portions thereof, arising from trading transactions such as futures, *options* and short sale deposits should also be reported on this line. This line should also include balances with *inter-dealer bond brokers* which are not on the list of approved *inter-dealer bond brokers*.
9. **Line 5** - This line is to include balances arising from mutual fund redemptions or purchase transactions. All balances must be margined in the same way as accounts of *acceptable counterparties*, or as regular client accounts.

| | | C-10 |

FORM 1, PART II – SCHEDULE 6A
NOTES AND INSTRUCTIONS

SECTION A - ASSETS: The purpose of this calculation is to tax effect identifiable revenue related receivables which have been classified as non allowable assets for capital purposes. In other words, the calculation gives recognition to the fact that in recording the receivable the *Dealer Member* generated revenue against which a tax provision has been set up.

SECTION A - MARGIN: The purpose of this calculation is to reduce the provision for contingent market losses on client and inventory positions (i.e. margin) by the appropriate allowance for taxes recoverable in the event of realization of such a market loss.

Line A1 - If the *Dealer Member* has no income tax expense due to being in a net tax recovery position, then no tax recovery on assets is allowed for RAC purposes.

Line A3 - If the *Dealer Member* has no income tax expense, then insert N/A on this line.

Line A5 - The balance reported as the recoverable taxes from preceding three years should be the total taxes paid in the three preceding years, hence available for recovery. If the *Dealer Member* has reported a balance on Line A1 above, then no balance should be reported as the current year tax recovery on this line.

Line B1 - If the *Dealer Member* has no income tax expense due to being in a net tax recovery position, then no tax recovery on income accruals is allowed for Early Warning purposes.

FORM 1, PART II – SCHEDULE 7

NOTES AND INSTRUCTIONS

1. This schedule is to be completed for loan payable transactions, whereby the stated purpose of the transaction is to borrow cash. All security lending transactions and financing transactions done via 2 trade tickets, including securities repurchases and those with related parties, should also be disclosed on this schedule.
2. For the purpose of this schedule,
 - (a) "cash loan payable" is a loan transaction where the purpose of the loan is for the *Dealer Member* to borrow cash and deliver securities as collateral to the counterparty;
 - (b) "excess collateral deficiency" is defined as:
 - (i) For a cash loan payable, any excess of the *market value* of the actual collateral delivered to the transaction counterparty over 102% the amount of the loan;or
 - (ii) For a securities loan arrangement, any excess of the *market value* of the securities loaned over the *market value* of securities or the amount of cash received from the transaction counterparty as collateral.and
 - (c) "securities loan arrangement" is a loan transaction where the purpose of the loan is for the *Dealer Member* to lend securities and receive cash or securities as collateral from the counterparty.
3. Include accrued interest in amount of loan payable.
4. *Market value* of securities received or delivered as collateral should include accrued interest.
5. **Cash loans payable**

(a) Written agreement requirements

Any written agreement for a cash loan payable between the *Dealer Member* and a counterparty must include terms which provide:

- (i) For the rights of either party to retain or realize on securities held by it from the other party on default;
- (ii) For events of default;
- (iii) For the treatment of the value of securities held by a non-defaulting party in excess of amounts which may be owed by a defaulting party;
- (iv) Either for set-off or, in the case of secured loans of securities, continuous segregation of collateral and the requirement for the lender to perfect a security interest in collateral giving the highest priority; and
- (v) If set-off rights or security interests are created in securities provided as collateral by one party to another, that the securities are endorsed for transfer, where applicable, and free of any trading restrictions.

(b) Margin requirements

The margin requirements for a cash loan payable are as follows:

- (i) Where a written agreement has not been entered into or the written agreement entered into does not include all of the required minimum terms in Note 5(a), the margin required shall be:
 - (A) Nil, where the counterparty to the transaction is an *acceptable institution* and the transaction has been confirmed with the *acceptable institution*, or
 - (B) 100% of the *market value* of the actual collateral provided to the transaction counterparty.
- (ii) Where a written agreement has been entered into that includes all of the required minimum terms in Note 5(a), the margin required to be provided shall be determined according to the following table:

FORM 1, PART II – SCHEDULE 7
NOTES AND INSTRUCTIONS [Continued]

Transaction counterparty type	Margin required
<i>Acceptable institution</i>	No margin ¹
<i>Acceptable counterparty</i>	Excess collateral deficiency ¹
<i>Regulated entity</i>	Excess collateral deficiency ¹
Other	Margin
¹ Any transaction which has not been confirmed by an <i>acceptable institution, acceptable counterparty or regulated entity</i> within 15 <i>business days</i> of the trade shall be margined.	

6. Securities loan arrangements

(a) Written agreement requirements

Any written agreement for a securities loan arrangement between the *Dealer Member* and a counterparty must include terms which provide:

- (i) For the rights of either party to retain or realize on securities held by it from the other party on default;
- (ii) For events of default;
- (iii) For the treatment of the value of securities held by a non-defaulting party in excess of amounts which may be owed by a defaulting party;
- (iv) Either for set-off or, in the case of secured loans of securities, continuous segregation of collateral and the requirement for the lender to perfect a security interest in collateral giving the highest priority; and
- (v) If set-off rights or security interests are created in securities loaned or provided as collateral by one party to another, that the securities are endorsed for transfer, where applicable, and free of any trading restrictions.

(b) Additional written agreement requirements for certain agency agreements

Agency agreements where agent may be treated as equivalent to principal

Any written collateral management or custodial agreement involving a securities loan arrangement between the *Dealer Member* and a third party custodian, which is acting as an agent, may be reported and treated in the same manner for margin purposes as the equivalent principal securities loan arrangement between the *Dealer Member* and the third party custodian, if all of the following additional terms [i.e. over and above those set out in Note 6(a)] are stipulated in the written agreement:

- (i) the loan collateral must be held by the third party custodian agent and if the loan collateral is made up of securities there must be no right to re-hypothecate those securities; and
- (ii) in the event of the underlying principal borrower default, the loan collateral that has been posted with the third party custodian agent will be liquidated by the third party custodian agent and proceeds used to purchase the loaned security which will be returned to the *Dealer Member*. If the loaned security cannot be purchased in the market, its equivalent value is returned to the *Dealer Member*. Any excess value on the realization on the loan collateral will be returned by the third party custodian agent to the underlying principal borrower; and
- (iii) the third party custodian agent must meet the definition of “financial intermediary” in relation to the Eligible Financial Contract General Rules (Bankruptcy and Insolvency Act).

Agency agreements where agent must not be treated as equivalent to principal

Where these additional terms [(i),(ii) and (iii) immediately above] are not all present or the arrangement does not involve an agent that is acting as a third party custodian, the *Dealer Member* must look through the agent in the agency arrangement to the underlying principal borrower and the agency arrangement must be reported and treated in the same manner for margin purposes as the equivalent principal securities lending arrangement between the *Dealer Member* and the underlying principal borrower.

FORM 1, PART II – SCHEDULE 7
NOTES AND INSTRUCTIONS [Continued]

(c) Margin requirements

The margin requirements for a securities loan arrangement are as follows:

- (i) Where a written agreement has not been entered into or the written agreement entered into does not include all of the required minimum terms in Note 6(a), the margin required shall be:
 - (A) Nil, where the counterparty to the transaction is an *acceptable institution* and the transaction has been confirmed with the *acceptable institution*, or
 - (B) 100% of the *market value* of the securities loaned to the transaction counterparty.
- (ii) Where a written agreement has been entered into that includes all of the required minimum terms in Note 6(a), for margin purposes:
 - (A) For principal arrangements, the counterparty is the principal in the arrangement,
 - (B) For agency arrangements, where a third party custodian agent is involved and all of the additional required minimum terms in Note 6(b) are present, the counterparty is the third party custodian,
 - (C) For agency arrangements, where all of the additional required minimum terms in Note 6(b) are not present or the arrangement does not involve an agent that is acting as a third party custodian, the counterparty is the underlying principal borrower,

the margin required to be provided shall be determined according to the following table:

Transaction counterparty type	Margin required
<i>Acceptable institution</i>	No margin ¹
<i>Acceptable counterparty</i>	Excess collateral deficiency ¹
<i>Regulated entity</i>	Excess collateral deficiency ¹
Other	Margin
¹ Any transaction which has not been confirmed by an <i>acceptable institution</i> , <i>acceptable counterparty</i> or <i>regulated entity</i> within 15 <i>business days</i> of the trade shall be margined.	

7. Securities repurchase agreements

(a) Written agreement requirements

Any written agreement for a securities *repurchase agreement* between the *Dealer Member* and a counterparty must include terms which provide:

- (i) For the rights of either party to retain or realize on securities held by it from the other party on default,
- (ii) For events of default,
- (iii) For the treatment of the value of securities held by a non-defaulting party in excess of amounts which may be owed by a defaulting party,
- (iv) Either for set-off or, in the case of secured loans of securities, continuous segregation of collateral and the requirement for the lender to perfect a security interest in collateral giving the highest priority,
- (v) If set-off rights or security interests are created in securities sold or loaned by one party to another, that the securities are endorsed for transfer, where applicable, and free of any trading restrictions; and
- (vi) For an acknowledgement by the parties that either has the right, upon notice, to call for any shortfall in the difference between the collateral and the securities at any time.

(b) Margin requirements

The margin requirements for a securities *repurchase agreement* are as follows:

FORM 1, PART II – SCHEDULE 7
NOTES AND INSTRUCTIONS [Continued]

- (i) Where a written agreement has not been entered into or the written agreement entered into does not include all of the required minimum terms, the margin required to be provided shall be determined according to the following table:

Transaction counterparty type	Margin required based on term of transaction	
	30 calendar days or less after regular settlement ¹	Greater than calendar 30 days after regular settlement ¹
<i>Acceptable institution</i>	No margin ²	
<i>Acceptable counterparty</i>	<i>Market value</i> deficiency ²	Margin
<i>Regulated entity</i>	<i>Market value</i> deficiency ²	Margin
Other	Margin	200% of margin (to a maximum of the <i>market value</i> of the underlying securities)
¹ Regular settlement means the settlement date or delivery date generally accepted according to industry practice for the relevant security in the market in which the transaction occurs. Margin is calculated from the date of regular settlement. Calendar days refer to the original term of the repurchase transaction. ² Any transaction which has not been confirmed by an <i>acceptable institution</i> , <i>acceptable counterparty</i> or <i>regulated entity</i> within 15 <i>business days</i> of the trade shall be margined.		

- (ii) Where a written agreement has been entered into that includes all of the required minimum terms, the margin required to be provided shall be determined according to the following table:

Transaction counterparty type	Margin required
<i>Acceptable institution</i>	No margin ¹
<i>Acceptable counterparty</i>	<i>Market value</i> deficiency ¹
<i>Regulated entity</i>	<i>Market value</i> deficiency ¹
Other	Margin
¹ Any transaction which has not been confirmed by an <i>acceptable institution</i> , <i>acceptable counterparty</i> or <i>regulated entity</i> within 15 <i>business days</i> of the trade shall be margined.	

8. For any given counterparty a deficiency in one type of loan may be offset by an excess in another type of loan provided that there are written agreements for each type of loan which provide for the right of offset between each type of loan. In such case, the balances may also be offset for margin calculation purposes.
9. In order for a pension fund to be treated as an *acceptable institution* for purposes of this Schedule, it must not only meet the *acceptable institution* criteria outlined in General Notes and Definitions, but the *Dealer Member* must also have received representation that the pension fund is legally able to enter into the obligations of the transaction. If such representation has not been received, the pension fund which otherwise meets the *acceptable institution* criteria must be treated as an *acceptable counterparty*.
10. **Lines 3, 4, 7 and 8** - In the case of a cash loan payable or a securities loan arrangement between a *Dealer Member* and either an *acceptable counterparty* or a *regulated entity*, where an *excess collateral deficiency* exists, action must be taken to correct the deficiency. If no action is taken, the amount of *excess collateral deficiency* must be immediately provided out of the *Dealer Member's* capital. In any case, where the deficiency exists for more than one *business day* it must be provided out of the *Dealer Member's* capital.
11. **Lines 11 and 12** - In the case of a repurchase transaction between a *Dealer Member* and either an *acceptable counterparty* or a *regulated entity*, where a deficiency exists between the *market value* of the securities repurchased and the *market value* of the cash received, action must be taken to correct the deficiency. If no action is taken the amount of *market value* deficiency must be immediately provided out of the *Dealer Member's* capital. In any case, where the deficiency exists for more than one *business day*, it must be provided out of the *Dealer Member's* capital.
12. **Lines 5, 9 and 13** - In the case of a cash loan payable or a securities loan or a repurchase arrangement / transaction between a *Dealer Member* and a party other than an *acceptable institution*, *acceptable counterparty* or *regulated entity*, where a deficiency

FORM 1, PART II – SCHEDULE 7
NOTES AND INSTRUCTIONS [Continued]

exists between the loan value of the cash received or securities lent or repurchased and the loan value of the collateral or cash pledged, action must be taken to correct the deficiency. If no action is taken the amount of loan value deficiency must be immediately provided out of the *Dealer Member's* capital. The margin required may be reduced by any margin already provided on the collateral (e.g. in inventory). Where the collateral is either held by the *Dealer Member* on a fully segregated basis or held in escrow on its behalf by an Acceptable Depository or a bank or trust company qualifying as either an *acceptable institution* or *acceptable counterparty*, only the amount of *market value* deficiency need be provided out of the *Dealer Member's* capital. In any case, where the deficiency exists for more than one *business day*, it must be provided out of the *Dealer Member's* capital.

13. **Lines 2, 3 and 4** - In a cash loan payable transaction between a *Dealer Member* and an *acceptable institution, acceptable counterparty, or regulated entity*, where a letter of credit issued by a Schedule 1 Bank is used as collateral for the cash loan, there shall be no charge to the *Dealer Member's* capital for any excess of the value of the letter of credit pledged as collateral over the cash borrowed.
14. **Lines 5, 9, and I3** - Arrangements other than those regarding agency agreements where an agent may be treated as equivalent to principal in Note 6(b) whereby an *acceptable institution, acceptable counterparty, or regulated entity* is only acting as an agent (on behalf of an "other" party) should be reported and margined as "Others".

B-21

FORM 1, PART II – SCHEDULE 9
NOTES AND INSTRUCTIONS

General

1. The purpose of this schedule is to disclose the largest ten issuer positions and precious metal positions that are being relied upon for loan value whether or not a concentration charge applies. If there are more than ten issuer positions and precious metal positions where a concentration exposure exists, then all such positions must be listed on the schedule.
2. For the purpose of this schedule, an issuer position must include all classes of securities for an issuer (i.e. all long and short positions in equity, convertibles, debt or other securities of an issuer other than debt securities with a normal margin requirement of 10% or less), a precious metal position must include all certificates and bullion of the particular precious metal (gold, platinum or silver) where:
 - loan value is being extended in a margin account, cash account, delivery against payment account, receipt against payment account; or
 - an inventory position is being held.
3. Securities and precious metals that are required to be in *segregation* or *safekeeping* should not be included in the issuer position or precious metal position. Securities and precious metals that have been segregated, but are not required to be, can still be relied on by the *Dealer Member* for loan value, and must be included in the issuer position and precious metal position.
4. For the purpose of this schedule, an amount loaned exposure to *broad based index* positions may be treated as an amount loaned exposure to each of the individual securities comprising the index basket. These amount loaned exposures may be reported by breaking down the *broad based index* position into its constituent security positions and adding these constituent security positions to other amount loaned exposures for the same issuer to arrive at the combined amount loaned exposure.
To calculate the combined amount loaned exposure for each index constituent security position held, sum
 - a) the individual security positions held, and
 - b) the constituent security position held.[For example, if ABC security has a 7.3% weighting in a *broad based index*, the number of securities that represents 7.3% of the value of the *broad based index* position shall be reported as the constituent security position.]
5. For the purpose of this schedule only, stripped coupons and residuals, [if they are held on a book based system, and are in respect of federal and provincial debt instruments], should be margined at the same rate as the underlying security.
6. For short positions, the loan value is the *market value* of the short position.

Client position

7. (a) Client positions are to be reported on a settlement date basis for client accounts including positions in margin accounts, regular cash accounts [when any transaction in the account is outstanding after settlement date] and delivery against payment and receipt against payment accounts [when any transaction in the account is outstanding after settlement date]. Within each client account, security positions and precious metal positions that qualify for a margin offset may be eliminated.
- (b) Positions in delivery against payment and receipt against payment accounts with *acceptable institutions*, *acceptable counterparties*, or *regulated entities* resulting from transactions that are outstanding less than ten *business days* past settlement date are not to be included in the positions reported. If the transaction has been outstanding ten *business days* or more past settlement and is not confirmed for clearing through an *acceptable clearing corporation* or not confirmed by the *acceptable institution*, *acceptable counterparty* or *regulated entity*, then the position must be included in the position reported.

Dealer Member's own position

8. (a) *Dealer Member's* own inventory positions are to be reported on a trade date basis, including new issue positions carried in inventory twenty *business days* after new issue settlement date. All security positions that qualify for a margin offset may be eliminated.
- (b) The amount reported must include uncovered stock positions in market-maker accounts.

Amount Loaned

9. The client and *Dealer Member's* own positions reported are to be determined based on the combined client/*Dealer Member's* own long or short position that results in the largest amount loaned exposure.
 - (a) To calculate the combined amount loaned on the long position exposure, combine:
 - the loan value of the gross long client position (if any) contained within client margin accounts;

FORM 1, PART II – SCHEDULE 9
NOTES AND INSTRUCTIONS [Continued]

- the weighted *market value* (calculated pursuant to the weighted *market value* calculation set out in Schedule 4, Note 9, Cash Accounts Instruction (a)) and/or loan value (calculated pursuant to the loan value calculation set out in Schedule 4, Note 9, Cash Accounts Instruction (b)) of the gross long client position (if any) contained within client cash accounts;
 - the *market value* (calculated pursuant to the *market value* calculation set out in Schedule 4, Note 9, DAP and RAP Accounts Instruction (a)) and/or loan value (calculated pursuant to the loan value calculation set out in Schedule 4, Note 9, DAP and RAP Accounts Instruction (b)) of the gross long client position (if any) contained within client delivery against payment accounts; and
 - the loan value (calculated pursuant to the Notes and Instructions to Schedule 2) of the net long *Dealer Member's* own position (if any).
- (b) To calculate the combined amount loaned on the short position exposure, combine:
- the *market value* of the gross short client position (if any) contained within client margin, cash and receipt against payment accounts; and
 - the *market value* of the net short *Dealer Member's* own position (if any).
- (c) If the loan value of an issuer position or a precious metal position (net of issuer securities or precious metal position required to be in *segregation/safekeeping*) does not exceed one-half (one-third in the case of an issuer position or precious metal position which qualifies under either Note 10(a) or 10(b) below) of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7) as most recently calculated, the completion of the column titled "Adjustments in arriving at Amount Loaned" is optional. However, nil should be reflected for the concentration charge.
- (d) In determining the amount loaned on either a long, or short position exposure, the following adjustments may be made:
- (i) Security positions and precious metal positions that qualify for a margin offset may be excluded, as previously discussed in notes 7(a) and 8(a);
 - (ii) Security positions and precious metal positions that represent excess margin in the client's account may be excluded. (Note if the starting point of the calculations is securities or precious metal positions not required to be in *segregation/safekeeping*, this deduction has already been included in the loan value calculation of Column 6.);
 - (iii) In the case of margin accounts, 25% of the *market value* of long positions in any: (a) non-marginable securities or, (b) securities with a margin rate of 100%, in the account may be deducted from the amount loaned calculation, provided that such securities are carried in readily saleable quantities only;
 - (iv) In the case of cash accounts, 25% of the *market value* of long positions in any securities whose *market value* weighting is 0.000 (pursuant to Schedule 4, Note 9, Cash Accounts Instruction (a)) in the account may be deducted from the amount loaned calculation, provided that such securities are carried in readily saleable quantities only;
 - (v) The amount loaned values of trades made with financial institutions that are not *acceptable institutions, acceptable counterparties* or *regulated entities*, if the trades are outstanding less than 10 *business days* past settlement date, and the trades were confirmed on or before settlement date with a settlement agent that is an *acceptable institution* may be deducted from the amount loaned calculation; and
 - (vi) Any security positions or precious metal positions in the client's (the "Guarantor") account, which are used to reduce the margin required in another account pursuant to the terms of a *guarantee* agreement, shall be included in calculating the amount loaned on each security for the purposes of the Guarantor's account.
- (e) Amount Loaned is the position exposure (either long or short) with the largest calculated amount loaned.

Concentration Charge

10. (a) Where the Amount Loaned reported relates to securities issued by
- (i) the *Dealer Member*, or
 - (ii) a company, where the accounts of a *Dealer Member* are included in the consolidated financial statements and where the assets and revenue of the *Dealer Member* constitute more than 50% of the consolidated assets and 50% of the consolidated revenue, respectively, of the company, based on the amounts shown in the audited consolidated financial statements of the company and the *Dealer Member* for the preceding fiscal year and the total Amount Loaned by a *Dealer Member* on such issuer securities exceeds one-third of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7), as most recently calculated, a concentration charge

FORM 1, PART II – SCHEDULE 9
NOTES AND INSTRUCTIONS [Continued]

of an amount equal to 150% of the excess of the Amount Loaned over one-third of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7) is required unless the excess is cleared within five *business days* of the date it first occurs. For long positions, the concentration charge as calculated herein shall not exceed the loan value of the issuer security(ies) for which such charge is incurred.

- (b) Where the Amount Loaned reported relates to non-marginable securities of an issuer held in a cash account(s), where loan value has been extended pursuant to the weighted *market value* calculation set out in Schedule 4, Note 9, and the total Amount Loaned by a *Dealer Member* on such issuer securities exceeds one-third of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7), as most recently calculated, a concentration charge of an amount equal to 150% of the excess of the Amount Loaned over one-third of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7) is required unless the excess is cleared within five *business days* of the date it first occurs. For long positions, the concentration charge as calculated herein shall not exceed the loan value of the issuer security(ies) for which such charge is incurred.
- (c) Where the Amount Loaned reported relates to arm's length marginable securities of an issuer (i.e., securities other than those described in note 10(a), or 10(b)) or a precious metal position, and the total Amount Loaned by a *Dealer Member* on such issuer securities or precious metal position exceeds two-thirds of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7), as most recently calculated, a concentration charge of an amount equal to 150% of the excess of the Amount Loaned over two-thirds of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7) is required unless the excess is cleared within five *business days* of the date it first occurs. For long positions, the concentration charge as calculated herein shall not exceed the loan value of the issuer security(ies) or precious metal position for which such charge is incurred.
- (d) Where:
- (i) The *Dealer Member* has incurred a concentration charge for an issuer position under either note 10(a) or 10(b) or 10(c); or
 - (ii) The Amount Loaned by a *Dealer Member* on any one issuer (other than issuers whose securities may be subject to a concentration charge under either Note 10(a) or 10(b) above) or a precious metal position exceeds one-half of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7), as most recently calculated; and
 - (iii) The Amount Loaned on any other issuer or precious metal position exceeds one-half (one-third in the case of issuers whose securities may be subject to a concentration charge under either Note 10(a) or 10(b) above) of the sum of *Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7); then
 - (iv) A concentration charge on such other issuer position or precious metal position of an amount equal to 150% of the excess of the Amount Loaned on the other issuer or precious metal position over one-half (one-third in the case of issuers whose securities may be subject to a concentration charge under either Note 10(a) or 10(b) above) of the sum of the *Dealer Member's Risk Adjusted Capital* before securities concentration charge and minimum capital (Stmt. B, Line 7) is required unless the excess is cleared within five *business days* of the date it first occurs. For long positions, the concentration charge as calculated herein shall not exceed the loan value of the security(ies) or precious metal position for which such charge is incurred.
- (e) For the purpose of calculating the concentration charges as required by notes 10(a), 10(b), 10(c) and 10(d) above, such calculations shall be performed for the largest five issuer positions and precious metal positions by Amount Loaned in which there is a concentration exposure.

Other

11. (a) Where there is an over exposure in a security or a precious metal position and the concentration charge as referred to above would produce either a capital deficiency or a violation of the Early Warning Rule, the *Dealer Member* must report the over exposure situation to *IIROC* on the date the over exposure first occurs.
- (b) A measure of discretion is left with *IIROC* in dealing with the resolution of concentration situations, particularly as regards to time requirements for correcting any over exposure, as well as whether securities or precious metal positions are carried in "readily saleable quantities".

FORM 1, PART II – SCHEDULE 10
NOTES AND INSTRUCTIONS

1. *Dealer Members* must maintain minimum insurance in type and amounts as outlined in the rules of *IIROC* and the *Canadian Investor Protection Fund*.
2. Schedule 10 must be completed at the audit date and monthly as part of the Monthly Financial Report.
3. Net equity for each client is the total value of cash, securities, and other acceptable property owed to the client by the *Dealer Member* less the value of cash, securities, and other acceptable property owed by the client to the *Dealer Member*. In determining net equity, accounts of a client such as cash, margin, short sale, *options*, futures, foreign currency and Quebec Stock Savings Plans are combined and treated as one account. Accounts such as RRSP, RRIF, RESP, Joint accounts are not combined with other accounts and are treated as separate accounts. Other acceptable property means London Bullion Market Association good delivery bars of gold and silver bullion that are acceptable for margin purposes as defined in section 5430.
Net equity is determined on a client by client basis on either a settlement date basis or trade date basis. Schedule 10 Part A, Line 1(a) is the aggregate net equity for each client. Negative client net equity, (i.e. total deficiency in net equity owed to the *Dealer Member* by the client) is not included in the aggregate.
For Schedule 10, *guarantee/guarantor* agreements should not be considered in the calculation of net equity.
The Client Net Equity calculation should include all retail and *institutional client* accounts, as well as accounts of broker dealers, repos, loan post, broker syndicates, *affiliates* and other similar accounts.
4. The amounts of insurance required to be maintained by a *Dealer Member* shall as a minimum be by way of a Financial Institution Bond with a double aggregate limit or a provision for full reinstatement.
For Financial Institution Bond policies containing an “aggregate limit” coverage, the actual coverage maintained should be reduced by the amount of reported loss claims, if any, during the policy period.
5. The Certificate of UDP and CFO in Form 1 contains a question pertaining to the adequacy of insurance coverage. The Auditors’ Report requires the auditor to state that the question has been fairly answered. Section 4461 also states: “If a *Dealer Member* has less coverage than the calculated minimum insurance requirement coverage and the deficiency: (i) is less than 10% of the minimum insurance requirement, the *Dealer Member* must correct the deficiency within two months of the filing date of the monthly financial report within which the deficiency was reported, or (ii) is 10% or more of the insurance requirement, the *Dealer Member* must promptly notify *IIROC* and correct the deficiency within 10 days of identifying it.”
6. A Financial Institution Bond maintained pursuant to the rules may contain a clause or rider stating that all claims made under the bond are subject to a deductible, provided that the *Dealer Member’s* margin requirement is increased by the amount of the deductible.
7. Unless specifically exempted within the rules of *IIROC*, every *Dealer Member* shall effect and keep in force mail insurance against loss arising by reason of any outgoing shipments of money or securities, negotiable or non-negotiable, by first-class mail, registered mail, registered air mail, express or air express, such insurance to provide at least 100% cover.
8. The aggregate value of securities in transit in the custody of any *employee* or any *person* acting as a messenger shall not at any time exceed the coverage per the Financial Institution Bond (Statement 10, Line 2).
9. List all Financial Institution Bond and Registered Mail underwriters, policies, coverage and premiums indicating their expiry dates. State type of aggregate limits, if applicable, or note that provision for full reinstatement exists.
10. List all losses reported to the insurers or their authorized representatives including those losses that are less than the amount of the deductible. Do not include lost document bond claims. Indicate in the “Amount of Loss” column if the amount of the loss is estimated or unknown as at the reporting date.
Losses should continue to be reported on Schedule 10 Part D until resolved. In the reporting period where a claim has been settled or a decision has been made not to pursue a claim, the loss should be listed along with the amount of the settlement, if any.
At the annual audit date, list all unsettled claims, whether or not the claims were initiated in the period under audit. In addition, list all losses and claims identified in the current or previous periods that have been settled during the period under audit.

Sch. 11

FORM 1, PART II – SCHEDULES 11 AND 11A
NOTES AND INSTRUCTIONS

1. The purpose of this Schedule is to measure the balance sheet exposure a *Dealer Member* has to foreign currency risk. Schedule 11A must be completed for each foreign currency that has margin requirement greater than or equal to \$5,000.
2. The following is a summary of the quantitative and qualitative criteria for Currency Groups 1-4. *Dealer Members* should refer to the most recently published listing by SROs of currency groupings.
 - **Currency Group 1** consists of the US dollar.
 - **Currency Group 2** consists of all countries whose currencies have a historical volatility of less than 3% relative to the Canadian dollar, are quoted on a daily basis by a Canadian Schedule 1 chartered bank, and are either a member of the European Monetary System and a participant of the Exchange Rate Mechanism or there is a listed future for the currency on an *applicable exchange*.
 - **Currency Group 3** consists of all countries whose currencies have a historical volatility of less than 10% relative to the Canadian dollar, are quoted on a daily basis by a Canadian Schedule 1 chartered bank and are a full member of the International Monetary Fund (IMF).
 - **Currency Group 4** consists of all countries, which do not satisfy the quantitative and qualitative criteria for Currency Groups 1-3.
3. Reference should be made to the applicable rules and interpretation notices of *IIROC* for definitions and calculations.
4. Monetary assets and liabilities are money or claims to money, the values of which, whether denominated in foreign or domestic currency are fixed by contract or otherwise.
5. All monetary assets and liabilities as well as the *Dealer Member's* own foreign currency future and forward commitments are to be reported on a trade date basis.
6. Monetary liabilities and the *Dealer Member's* own foreign currency future and forward commitments should be disclosed by maturity dates i.e. less than or equal to two (2) years and greater than two (2) years.
7. Weighted value is calculated for foreign exchange positions with terms to maturity of greater than two (2) business days. The weighted value is derived by taking the term to maturity of the foreign exchange position in calendar days divided by 365 (weighting factor) and multiplying it by the unhedged foreign exchange amount.
8. The total margin requirement is the sum of the spot risk margin and the term risk margin requirements. The spot risk margin rates apply to all unhedged foreign exchange positions regardless of term to maturity. The term risk margin rates apply to all unhedged foreign exchange positions with a term to maturity of greater than two (2) business days. The following summarizes the margin rates by Currency Group:

	Currency Group			
	1	2	3	4
Spot Risk Margin Rate (Note 1)	1.0%	3.0%	10%	25%
Term Risk Margin Rate (Note 2)	1.0% to a maximum of 4%	3.0% to a maximum of 7%	5.0% to a maximum of 10%	12.5% to a maximum of 25%
Total Maximum Margin Rates (Note 1)	5%	10%	20%	50%

Note 1: Spot risk margin rates may be subject to the Foreign Exchange Margin Surcharge

Note 2: If the weighting factor described in 7 above exceeds the maximum term risk margin rate in the above table, the weighting factor should be adjusted to the maximum.

9. *Dealer Members* may elect to exclude non-allowable monetary assets from the total monetary assets reported on Schedule 11A for purposes of the foreign exchange margin calculation. The reason underlying this proviso is that a *Dealer Member* should not have to provide foreign exchange margin on a non-allowable asset which is already fully provided for in the determination of the capital position of the *Dealer Member* unless it serves as an economic hedge against a monetary liability.
10. For *Dealer Members* offsetting an inventory *futures contract/forward* contract position in which there is a *futures contract* for the currency listed on an *applicable exchange*, an alternative margin calculation may be used (refer to rules and interpretation notices of *IIROC*). Any contract positions for which the margin is calculated under the alternative method must be reported as part of the inventory margin calculations on Schedule 2 and should be excluded from Schedule 11A.
11. Line 20 - The Foreign Exchange Concentration Charge applies only to currencies in Groups 2 to 4.

B-18

FORM 1, PART II – SCHEDULE 12
NOTES AND INSTRUCTIONS

1. The purpose of Schedule 12 is to ensure that there is adequate capital available at a *Dealer Member* to cover concentration risks regarding positions in *futures contracts* and short *futures contract options* and counterparty risk related to deposits with correspondent brokers.
2. For the purposes of this schedule the term:
 - (i) "**correspondent broker**" means a broker who is registered to engage in soliciting or accepting and handling orders for the purchase or sale of *futures contracts* or *futures contract options* on the behalf of the *Dealer Member* in a country other than Canada;
 - (ii) "**futures contract**" includes commodity *futures* and financial *futures contracts*;
 - (iii) "**long futures contract position**" includes *futures contracts* underlying short put options on *futures contracts*;
 - (iv) "**maintenance margin requirement**" means the requirements prescribed by the futures exchange on which the *futures contracts* were entered into; and
 - (v) "**short futures contract position**" includes *futures contracts* underlying short call options on *futures contracts*.

3. **Line 1 - General margin provision (Notes 3 and 4)**

Line 1 is used to establish a base level of capital that a *Dealer Member* is to provide when the *maintenance margin requirements* (calculated and published by the futures exchange in which the *futures contracts* and *futures contract options* are entered) are not calculated on a daily basis. The base level of capital is dependent on the number and type of contracts currently held by the *Dealer Member* and its clients.

The general margin provision calculation is on the *Dealer Member* and client account open positions in *futures contracts* and *futures contract options*, except for the specified excluded positions in the related Note below.

The margin required is 15% of the greater of:

- (i) the *maintenance margin requirements* of the total long *futures contract* positions for each type of *futures contract* carried for all *Dealer Member* and client accounts; or
- (ii) the *maintenance margin requirements* of the total short *futures contract* positions for each type of *futures contract* carried for all *Dealer Member* and client accounts.

Where a futures exchange calculates and publishes *maintenance margin requirements* on a daily basis, no margin is required under Line 1.

4. **Excluded positions from the calculation of Line 1**

- (i) Positions held in accounts of *acceptable institutions*, *acceptable counterparties* and *regulated entities*.
- (ii) Hedge positions (as opposed to speculative positions) where the underlying interest is held in the client's account at the *Dealer Member* or that the *Dealer Member* has a document giving the *Dealer Member* an irrevocable right to take possession of the underlying interest and deliver it at the location designated by the appropriate clearing corporation. All other hedge positions are treated as speculative positions for the purpose of this calculation.
- (iii) *Dealer Member* or individual client spread positions in *futures contracts* in the same product (including *futures contracts* in the same product with different delivery months) entered into on the same futures exchange. All other spread positions are treated as speculative positions for the purpose of this calculation.
- (iv) *Dealer Member* or individual client short option positions on *futures contracts* which are out-of-the-money by more than two *maintenance margin requirements*.
- (v) *Dealer Member* or individual client spread positions in the same *futures contract options*.

5. **Line 2 - Concentration in individual accounts (Notes 5, 6 and 9)**

Line 2 requires capital to be provided to cover concentration risk in individual accounts (client or the *Dealer Member*) when the aggregate of the *maintenance margin requirements* for each type of *futures contract* position or underlying interest on *futures contract option* position held both long and short for individual clients (including groups of clients or related clients) or in the *Dealer Member's* inventory is greater than 15% of the *Dealer Member's* net allowable assets. The concentration risk is the excess amount of the aggregate of those *maintenance margin requirements* over 15% of the *Dealer Member's* net allowable assets.

FORM 1, PART II – SCHEDULE 12
NOTES AND INSTRUCTIONS [Continued]

The capital to be provided is dependent on the excess amount calculation below (which allows for specified deductions and excluded positions in the related Notes below) and how quickly the *Dealer Member* eliminates this concentration risk.

Spread positions in the same product or different product on the same exchange and an inter-exchange or inter-commodity spread could be included using the maintenance margin as set by the exchange, provided that the spread is acceptable for margin purposes by the relevant exchange.

The excess amount is:

- (i) the aggregate of the *maintenance margin requirements* for each type of *futures contract* position or underlying interest on *futures contract option* position held both long and short for individual clients (including groups of clients or related clients) or in the *Dealer Member's* inventory, except for positions mentioned in Note 9; minus
- (ii) 15% of the *Dealer Member's* net allowable assets.

Margin is required on the close of the third trading day after the concentration first occurred and is the lesser of:

- (i) the excess amount calculated when the concentration first occurred; and
- (ii) the excess amount, if any, that exists on the close of the third trading day.

6. Deductions from Part (i) of the excess amount calculation of Line 2

- (i) Any excess margin in the *Dealer Member* account or client's account is to be deducted from Part (i) of the excess amount calculation. The excess margin is to be based on the maintenance margin.

7. Line 3 - Concentration in individual open futures contracts and short options on futures contract positions (Notes 7 to 9)

Line 3 requires capital to be provided to cover concentration risk in individual open *futures contracts* and short options on *futures contract* positions when the aggregate of two *maintenance margin requirements* on the greater of the long or the short *futures contracts* positions for each type of *futures contract* position or underlying interest of *futures contract option* position, held in both the *Dealer Member's* inventory and for all clients, is greater than 40% of the *Dealer Member's* net allowable assets. The concentration risk is the excess amount of those aggregate of two *maintenance margin requirements* over 40% of the *Dealer Member's* net allowable assets.

The capital to be provided is dependent on the excess amount calculation below (which allows for specified deductions and excluded positions in the related Notes below) and how quickly the *Dealer Member* eliminates this concentration risk.

Spread positions in the same product or different product on the same exchange and an inter-exchange or inter-commodity spread could be included using the maintenance margin as set by the exchange, provided that the spread is acceptable for margin purposes by the relevant exchange.

The excess amount is:

- (i) the aggregate of two *maintenance margin requirements* on the greater of the long or the short *futures contracts* positions for each type of *futures contract* position or underlying interest of *futures contract option* position, held in both the *Dealer Member's* inventory and for all clients, except for positions mentioned in Note 9; minus
- (ii) 40% of the *Dealer Member's* net allowable assets.

Margin is required on the close of the third trading day after the concentration first occurred and is the lesser of:

- (i) the excess amount calculated when the concentration first occurred; and
- (ii) the excess amount, if any, that exists on the close of the third trading day.

8. Deductions from Part (i) of the excess amount calculation of Line 3

- (i) Any excess margin may be deducted from Part (i) of the excess amount calculation, up to two *maintenance margin requirements* in the *Dealer Member* account or client's account (on a per client basis). The excess margin is to be based on the maintenance margin.

9. Excluded positions from Part (i) of the excess amount calculation of Lines 2 and 3

- (i) Positions held in accounts of *acceptable institutions*, *acceptable counterparties* and *regulated entities*.
- (ii) Hedge positions (as opposed to speculative positions), where the underlying interest is held in the client's account at the *Dealer Member* or that the *Dealer Member* has a document giving the *Dealer Member* an irrevocable right to take possession of the underlying interest and deliver it at the location designated by the appropriate clearing corporation. All other hedge positions are treated as speculative positions and are thereby not excluded.
- (iii) The following short option positions on *futures contracts* in a *Dealer Member* or client account, and provided that the

FORM 1, PART II – SCHEDULE 12
NOTES AND INSTRUCTIONS [Continued]

pairings are acceptable for margin purposes by the relevant exchange:

- (a) short calls or puts which are out-of-the-money by more than two *maintenance margin requirements*;
- (b) a short call and a short put pairing on the same *futures contract* with the same exercise price and same expiration month;
- (c) a *futures contract* paired with an in-the-money option;
- (d) a short call (put) paired with a long in-the-money call (put);
- (e) a short call (put) paired with a long (short) *futures contract*;
- (f) an out-of-the-money short call paired with an out-of-the-money long call, where the strike price of the short call exceeds the strike price of the long call; and
- (g) an out-of-the-money short put paired with an out-of-the-money long put.

10. **Line 4 - Margin on deposits with *correspondent brokers***

- (i) Where a *correspondent broker* owes assets (including cash, open trade equity and securities) to a *Dealer Member* exceeding 50% of the *Dealer Member's* net allowable assets, the excess amount must be provided as a charge in computing the *Dealer Member's* margin required.

The assets owing to the *Dealer Member* are the amount of deposits before reducing this amount by the *maintenance margin requirements* for all open positions.

- (ii) Where the net worth of the *correspondent broker* (as determined from its latest published audited financial statements) is:
 - (a) greater than \$50,000,000, no margin is required under this rule;
 - (b) less than or equal to \$50,000,000, the *Dealer Member* must provide the amount calculated in Note 10(i).
- (iii) Where a *Dealer Member* who operates its *futures contracts* and *futures contract options* business on a fully disclosed basis with a *correspondent broker*, no exemption from this requirement is permitted.

YES/NO

2. **Triggered Liquidity or Capital Tests on Schedule 13?**

YES/NO

3. **Triggered Profitability Tests on Schedule 13?**

YES/NO

4. **Are Lines 2 and 3 both YES?**

YES/NO

FORM 1, PART II – SCHEDULES 13 AND 13A
NOTES AND INSTRUCTIONS

1. The objective of the various Early Warning Tests is to measure characteristics likely to identify a *Dealer Member* heading into financial trouble and to impose restrictions and *sanctions* to reduce further financial deterioration and prevent a subsequent capital deficiency. “Yes” answers indicate Early Warning has been triggered.

If the *Dealer Member* is currently capital deficient (i.e. *risk adjusted capital* is negative), only Part F of Schedule 13A need be completed. Schedule 13 and the remainder of Schedule 13A need not be completed.

2. The profit or loss figures to be used are before asset revaluation income and expense, interest on internal *subordinated debt*, bonuses, and income taxes [Statement E, Line 31 – Profit (loss) for Early Warning test]. Note that the “current month” figure must also reflect any audit adjustments made subsequent to the filing of the Monthly Financial Report (MFR). These adjustments must be reported on Schedule 13M.
3. If either or both of the calculated totals is a profit, no further calculation under this section C need be done.
4. If the balance is a profit, no further calculation under this section D need be done.
5. If the total is a profit, no further calculation under this section E need be done.

9. Capital requirement [Excess of Section F, Line 7 over Section F, Line 8] _____

10. TOTAL PROVIDER OF CAPITAL CONCENTRATION CHARGE
[Section E, Line 5 plus Section F, Line 9] _____

B-19

FORM 1, PART II – SCHEDULE 14
NOTES AND INSTRUCTIONS

1. The purpose of this schedule is to measure the exposure a *Dealer Member* has to each of its *providers of capital* (as defined below). As such is the case, a separate copy of this schedule should be completed for each *provider of capital* where the capital provided is in excess of \$10 million.
2. For the purposes of this schedule:
 - (a) A “provider of capital” is an *individual* or entity and its *affiliates* that provides capital to a *Dealer Member*
 - (b) “Regulatory financial statement capital” is comprised of:
 - Total Capital (Statement A, Line 73); plus
 - Non-refundable leasehold inducements (Statement A, Line 65); plus
 - Subordinated loans (Statement A, Line 67).
 - (c) “Regulatory financial statement capital provided by the provider of capital” is the portion of the *regulatory financial statement capital* that has been provided to the *Dealer Member* by the *provider of capital*

CALCULATION OF CASH AND UNDERSECURED LOANS WITH PROVIDER OF CAPITAL

Section A, Line 3 – The undersecured amount to be reported on this line refers to any deficiency between the *market value* of the collateral received for the loan and the amount of the loan receivable that is greater than the percentage [the percentage is determined by dividing the deficiency by the *market value* of the collateral received] deficiency required under normal commercial terms.

Section A, Line 4 – The amount to be reported on this line refers to the entire loan receivable balance if the only collateral received for the loan is securities issued by the *provider of capital*.

Section A, Line 5 – The undersecured amount to be reported on this line refers to any deficiency between the *market value* of the collateral received for the loan and the amount of the loan receivable or the *market value* of the securities delivered as collateral that is greater than the percentage [the percentage is determined by dividing the deficiency by the *market value* of the collateral received] deficiency required under normal commercial terms.

Section A, Line 6 – The amount to be reported on this line refers to the entire loan receivable balance or the *market value* of the securities delivered as collateral if the only collateral received for the loan is securities issued by the *provider of capital*.

Section A, Line 7 – The undersecured amount to be reported on this line refers to any deficiency between the *market value* of the security received pursuant to the resale agreement and the amount of the loan receivable that is greater than the percentage [the percentage is determined by dividing the deficiency by the *market value* of the security received] deficiency required under normal commercial terms. If the security received is a security issued by the *provider of capital* the collateral is assumed to have no value for the purposes of the above calculation.

Section A, Lines 8, 9 and 10 – The amount to be reported on these lines refers to the amount of the loan receivable less any collateral provided other than securities issued by the *provider of capital*.

Section A, Line 11 – The overcollateralized amount to be reported on this line refers to any deficiency between the *market value* of the collateral delivered for the loan and the amount of the loan payable that is greater than the percentage [the percentage is determined by dividing the deficiency by the amount of the loan payable] deficiency required under normal commercial terms.

Section A, Line 12 – The overcollateralized amount to be reported on this line refers to any deficiency between the *market value* of the collateral delivered pursuant to the securities lending agreement and the amount of the loan payable or the *market value* of the securities received as collateral that is greater than the percentage [the percentage is determined by dividing the deficiency by the amount of the loan payable] deficiency required under normal commercial terms.

Section A, Line 13 – The overcollateralized amount to be reported on this line refers to any deficiency between the *market value* of the collateral delivered pursuant to the *repurchase agreement* and the amount of the loan payable that is greater than the percentage [the percentage is determined by dividing the deficiency by the amount of the loan payable] deficiency required under normal commercial terms.

CALCULATION OF INVESTMENTS IN SECURITIES ISSUED BY THE PROVIDER OF CAPITAL

Section B, Line 1 – Include all investments in securities issued by the *provider of capital*.

Section B, Line 2 – Include only those loans where the agreement executed includes the industry standard wording set out in the Limited Recourse Call Loan Agreement.

Section B, Line 3 – Include only those security positions that are otherwise eligible for offset pursuant to *I/ROC's* capital requirements.

FORM 1, PART II – SCHEDULE 14

NOTES AND INSTRUCTIONS [Continued]

CALCULATION OF FINANCIAL STATEMENT CAPITAL PROVIDED BY THE PROVIDER OF CAPITAL

Section C, Line 1 – Include the face amount of *subordinated debt* provided by the *provider of capital*, plus the book amount of equity capital provided by the *provider of capital* plus a pro-rata share of reserves and retained earnings.
